# ETHICS COMMISSION

## **Mission Statement**

To preserve public confidence in City government through education, advice, and the prompt and fair enforcement of local government ethics laws.

## **Department Description**

The Ethics Commission's purpose is to advise and educate City officials and the public about ethics laws; monitor, administer and promptly and fairly enforce the City's governmental ethics laws; propose new ethics law reforms; conduct investigations; refer violations to appropriate enforcement agencies; and audit disclosure statements.

## **Service Efforts and Accomplishments**

The Ethics Commission received a total of seventy complaints during calendar year 2004. Fifty-four of these complaints were approved for investigation.

Thirteen complaints resulted in stipulated settlement agreements. The Commission collected a total of \$14,200 in administrative fines during 2004.

The Commission also completed three audits: one candidate committee and two ballot measure committees. The audits of the ballot measure committees resulted in material findings and subsequent investigations.

In June of 2004 the Mayor and City Council approved the Commission recommendation for a City Charter amendment permitting the Commission to retain legal counsel independent of the City Attorney's Office. Voters approved this Charter amendment in the November 2004 general election.

On August 2, 2004, the Mayor and City Council approved a complete overhaul of the City's Election Campaign Control Ordinance. The majority of the amendments took effect on January 5, 2005.

#### **Future Outlook**

In the upcoming year, the Ethics Commission intends to revise the Commission's Audit Manual to reflect changes in the law and related auditing procedures, as well as returning the Financial Investigator to full-time status to allow for an increased number of campaign audits.

The Commission will also implement the recently approved changes to the Election Campaign Control Ordinance, educate the regulated community regarding relevant amendments, and continue the review of the City's Municipal Lobbying Ordinance, with the possibility of forthcoming amendment recommendations thereto.

The Commission will pursue an additional staff position in Fiscal Year 2007 to assist with education and outreach, and will also implement an online training program to facilitate the biennial recertification requirement for individuals who fall within the jurisdiction of the Commission.

In partnership with the City Clerk, the Commission will implement an electronic filing system for campaign reports.
