

## General Services

### Facilities

**Annual Allocation - City Facilities Improvements 37-068.0**

**Community Plan:** Citywide

**Council District:** Citywide

**Description:** This annual allocation provides for capital improvements at all City facilities. Potential improvements include roof; heating, ventilation, and air conditioning; and elevator replacements.

**Justification:** Several City owned facilities are aged and in need of repair. High priority repairs will be completed with this project. Funding for this annual allocation will ensure the facilities remain safe.

**Operating Budget Effect:** None.

**Relationship to General and Community Plans:** This project is consistent with applicable community plans and is in conformance with the City's Progress Guide and General Plan.

**Scheduling:** Projects will be scheduled on a priority basis.

**Summary of Project Changes:** Fiscal Year 2009 funding is contingent upon the issuance of bonds and sale of City-owned property. This project has been updated to reflect the funding identified in the Five-Year Financial Outlook.

**General Services**  
**Streets and Bridges**  
**Resurfacing of City Streets 59-001.0**  
**Council District:** Citywide

**Community Plan:** Citywide

**Description:** This annual allocation provides for street resurfacing.

**Justification:** Resurfacing of City streets is necessary to maintain the streets in serviceable condition and prevent deterioration of the roadway.

**Operating Budget Effect:** None.

**Relationship to General and Community Plans:** This project is consistent with applicable community plans and is in conformance with the City's Progress Guide and General Plan.

**Scheduling:** Projects are scheduled on a priority basis.

**Summary of Project Changes:** This project has been updated to reflect the funding identified in the Five-Year Financial Outlook. In addition, \$168,125 of TransNet Commercial paper has been added to this project for Fiscal Year 2009.

## General Services

### Traffic Control

#### Traffic Signals - Replace Obsolete Controllers 63-002.0

Council District: Citywide

Community Plan: Citywide

**Description:** This annual allocation provides for replacing obsolete and/or out-of-production traffic signal controller units.

**Justification:** Present day requirements for coordinated signal operation, protected left turns, and emergency vehicle preemption are increasingly difficult or impossible to incorporate into some older controller units now in service. Older units function with moving parts and electrical contacts, both of which are subject to wear. Maintenance costs are increasing and parts are becoming difficult to find. The new controllers are solid-state, less costly to maintain, and more adaptable to today's needs.

**Operating Budget Effect:** None.

**Relationship to General and Community Plans:** This project is consistent with applicable community plans and is in conformance with the City's Progress Guide and General Plan.

**Scheduling:** Projects are scheduled on a priority basis.

**Summary of Project Changes:** TransNet funding of \$75,000 has been added to this project for Fiscal Year 2009.
