

Financial Management

Department Description

The Financial Management Department provides fiscal services to the Mayor and serves as an internal fiscal consultant to other City departments. Financial Management prepares the proposed and annual budgets in accordance with the City Charter each year. During the fiscal year, Financial Management monitors the City's expenditures and revenue receipts, oversees budget transfers and adjustments, and reviews requests for City Council and Mayoral Actions for both the operating budget and the Capital Improvements Program. In addition, the Department develops and updates the Mayor's Five-Year Financial Outlook.

The Department's mission is:

To develop and monitor the City's annual budget and comprehensive long-range financial forecast through a collective effort; to provide sound fiscal analysis of operating and capital revenues and expenditures; to provide superior customer service; and to adhere to the highest professional standards

Goals and Objectives

The following goals and objectives represent the action plan for the Department.

Goal 1: Produce a balanced annual budget

Having a balanced annual budget is mandated by City law. A budget is considered balanced when revenues and expenditures equal one another. The Department will accomplish this goal by focusing on the following objectives.

- Implement a more efficient budget development application
- Publish the City's Proposed and Annual Budget

Goal 2: Provide long-range fiscal planning

The purpose of long-range fiscal planning is to enable effective decision-making and identify the City's future fiscal requirements to support City services. The Department will accomplish this goal by focusing on the following objectives.

- Analyze actual revenue receipts and economic trends to forecast major revenues
- Forecast expenditure trends in City departments

Goal 3: Monitor spending City-wide

Budget monitoring is an essential business practice to identify variances in the spending plan and to control overspending. The Department will accomplish this goal by focusing on the following objective.

Financial Management

- Adjust budgets throughout the year to accommodate unforeseen changes in revenues and expenditures

Goal 4: Provide superior customer service

Providing excellent customer service is a goal of every City department whether the customer is a resident, visitor, outside agency, or a City employee from another department. The Department will accomplish this goal by focusing on the following objectives.

- Provide internal training
- Provide accurate and timely fiscal analysis and review and consultation for Council and Mayoral actions

Goal 5: Build a sustainable organization through learning and continuous improvement

A key part of building a sustainable organization is to develop a trained workforce and high performing teams. Over the next one to two years, the Department will accomplish this goal by focusing on the following objective.

- Support professional growth and development

Goal 6: Promote the highest ethical standards

Adhering to a stringent ethical standard is the cornerstone of any governmental organization. City residents must be assured that their interests are always the primary concern of department staff. The Department will accomplish this goal by focusing on the following objectives.

- Provide ethics training for management and staff
- Regularly review staff conduct to ensure compliance with the Department's ethics policy

Service Efforts and Accomplishments

In Fiscal Year 2008, the Department developed and administered a balanced budget of over \$2.9 billion; the Department oversees administration of the City's Capital Improvement Program as well as the General Fund.

In addition to fulfilling its core responsibility of creating and administering the City's Proposed and Annual Budgets, the Department established period-to-date budgets for each of the City's departments while benchmarking actual expenditures and revenues. The Department routinely compares actual results to budgeted projections on a quarterly basis. The Financial Management staff subsequently incorporates this data and accompanying relevant analysis into a mid-year report to the City Council along with any recommendations regarding the adjustment of budgetary allocations.

The Department also processes Council and Mayoral actions in order to determine any financial impact to the City. In Fiscal Year 2008, Financial Management staff reviewed over 1,000 actions.

Beginning in Fiscal Year 2007, the Department began developing the Mayor's Five-Year Financial Outlook. The first edition of this report, covering Fiscal Years 2008 through 2012, was issued to the City Council in November 2006; the second edition was delivered in January 2008. The Department will continue to issue yearly updated editions of the Financial Outlook at the beginning of each budget cycle.
