

Department Description

The Environmental Services Department ensures that all residents of San Diego are provided with a clean, safe, and ecologically-sound environment. The Department pursues waste management strategies that emphasize waste reduction and recycling, composting, and environmentally-sound landfill management to meet the City's long-term disposal needs; oversees the management of the City's energy use and programs, and explores innovative options to increase energy independence; and works to advance more sustainable practices within the City and community.

The Collection Services Division provides weekly residential refuse collection, bi-weekly curbside collection of recyclable commodities and greens materials, and the collection and maintenance of street litter containers in business districts.

The Energy, Sustainability, and Environmental Protection Division provides technical assistance and project implementation for energy conservation and renewable energy, hazardous materials management, under and above ground storage tank engineering, lead and asbestos compliance, hazardous substances enforcement at the Miramar Landfill, household hazardous waste collection, and the San Diego Sustainable Community Program.

The Waste Reduction and Disposal Division provides education and technical assistance to residents and business owners within the City of San Diego on how to recycle and reduce waste, provides opportunities for recycling and reducing solid waste, enforces solid waste codes, and operates a full service landfill for public use.

The Office of the Director facilitates the Department's delivery of quality environmental programs through the provision of administrative and regulatory support, community outreach and education, franchise and fiscal management, facility maintenance, human resources and training, information system management, customer service, and safety programs focusing on accident and injury prevention.

The Department's mission is:

We provide reliable solid waste management, resource conservation and environmental protection to preserve public health and ensure sustainable communities for future generations

Goals and Objectives

The following goals and objectives represent the action plan for the Department.

Goal 1: Protect the environment and preserve natural resources

The City of San Diego's Environmental Services Department provides solid waste services to all eligible residents and manages environmental programs designed to enhance the community and preserve the quality of life for future generations. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Preserve the capacity of the Miramar landfill and limit or reduce the waste stream
- Reduce greenhouse gas emissions
- Provide services to the community that will increase protection of human health and the environment

Goal 2: Promote fiscal integrity

It is a priority of the Department to utilize its allocated resources efficiently and provide our customers with cost effective services to improve the community in which we live. The Department will move toward accomplishing this goal by focusing on the following objective.

• Ensure systems are in place and utilized that protect and enhance fiscal resources

Goal 3: Ensure excellence in service delivery

It is a priority of the Department to provide exceptional customer service to those we serve. The Department will move toward accomplishing this goal by focusing on the following objectives.

- Maintain high customer satisfaction and respond to customer service requests in a timely manner
- Manage Environmental Education and Outreach contracts serving local schools and the community

Goal 4: Maintain a responsive, safe, innovative work force

It is a priority of the Department to ensure that all employees, especially those working in the community, are provided sufficient training to ensure that they are operating safely throughout San Diego's neighborhoods. The Department values employees' ideas and supports a culture of enhancing productivity and innovation. The Department will move toward accomplishing this goal by focusing on the following objective.

Build a sustainable organization through learning and training opportunities

Service Efforts and Accomplishments

Energy, Sustainability, and Environmental Protection, through a power purchase agreement with a private partner, installed a one megawatt photovoltaic system at the Alvarado Water Treatment Plant that provides 20 percent of its power needs.

The Hazardous Materials Management Program continued its public-private partnerships collecting more than 74,500 gallons of used oil and 14,600 pounds of oil filters at 16 certified used oil collection centers.

The Household Hazardous Waste Transfer Facility, while serving over 8,400 homes, diverted more than 438 tons of hazardous waste from the Miramar Landfill.

The Miramar Landfill, the first municipally-operated landfill in the nation to earn ISO 14001 certification, achieved recertification for the sixth consecutive year.

Budget Dollars at Work: Performance Expectations

Goal 1: Protect the environment and preserve natural resources¹

	Performance Measure	Baseline FY2008	Actual FY2009	Target FY2010
1.	Percent of lead cases in compliance (resolved) within 90	65%	52%	85%
2.	Tons of household hazardous waste diverted from the	512	438	470
3.	Miramar Landfill ² Number of news media outlets contacted with	720	2.662	3,000
3.	information on energy conservation, sustainability, recycling or ESD operations	720	2,662	3,000
4.	Percent compliance with 45-day deposit refund requirement associated with the enforcement of the Construction and Demolition Recycling Ordinance	N/A ³	100%	95%
5.	Percent of technical assistance queries associated with the City's Recycling Ordinance responded to within one business day	N/A ³	86.5%	95.0%
6.	Number of cubic feet of gas collected per minute, diverted from release into the environment and converted to beneficial use at the Miramar Landfill	4,122	4,074	4,100
7.	Diversion rate of recycled materials from disposal	55%	55%	55%
8.	Renewable energy realized through projects at municipal facilities (toward City goal of installing five megawatts of renewable energy sources by 2013)	1.2 megawatts	0.0 megawatts	N/A ⁴
9.	Status of ISO 14001 environmental management certification	Certification maintained	Certification maintained	Maintain Certification
10.	Number of State Minimum Standard Notices of Violations (NOVs) received	2	2	0

Goal 2: Promote fiscal integrity

Performance Measure	Baseline	Actual	Target
	FY2008	FY2009	FY2010
Percent variance between revised budget and actual expenditures at year end	5.98%	9.39%	0.00%

Goal 3: Ensure excellence in service delivery

	Performance Measure	Baseline FY2008	Actual FY2009	Target FY2010
1.	Collections Services complaint rate (per 10,000 stops) ⁵	8.0	6.6	1.0
2.	Satisfaction rate of environmental education and	95%	99%	100%
	outreach survey			

¹ The Department's tactical plan was revised in Fiscal Year 2010 and the goal of "Provide efficient and sustainable solid waste collection and disposal to the City of San Diego" was revised to "Protect the environment and preserve natural resources."

² This measure was revised from "Tons of household hazardous waste collected" and moved from the 'Sizing and Workload Data' section to the 'Performance Expectations' section.

³ The Program was implemented in Fiscal Year 2009.

⁴ This measure has been sunsetted. Due to the complex, multi-year nature of these projects, the reporting timeframe [one fiscal year] does not lend itself to accurately measuring the performance expectations of this function. This information is still tracked and can be made available upon request.

⁵ Performance measure was revised from "Complaints per 10,000 refuse, recycling, and greenery service collection stops" under prior Goal 1. Refuse, recycling, greenery, and street litter containers are all represented in this measure.

	Performance Measure	Baseline FY2008	Actual FY2009	Target FY2010
3.	Customer satisfaction from City-wide survey ⁶	N/A	N/A	N/A

Goal 4: Maintain a responsive, safe, innovative work force

Performance Measure	Baseline FY2008	Actual FY2009	Target FY2010
1. Average number of training hours per employee	4.94	6.06	8.66

Budget Dollars at Work: Sizing and Workload Data

	Actual FY2006	Actual FY2007	Actual FY2008	Actual FY2009	Target FY2010
Si	zing Data				
Number of active landfills operated	1	1	1	1	1
Number of inactive landfills maintained	8	8	8	8	8

Tons of materials recycled at the Miramar	14,000	15,500	18,000	18,183	18,000
Recycling Center annually					12
Number of customers served at the Miramar	99,000	99,000	115,000	115,000	N/A ¹³

⁶ The Department tactical plan was updated for Fiscal Year 2010 to reflect the direction of the City and Department resulting in the elimination of this measure.

⁷ This measure combined "number of refuse collection stops" and "number of households served with bi-weekly curbside recycling collection" in Fiscal Year 2010.

⁸ This measure was revised to include "Tons of curbside recyclables collected" for Fiscal Year 2010.

⁹ This measure was revised from "Tons of waste received for disposal and diversion at the Miramar Landfill" for Fiscal Year 2010.

¹⁰ In the Fiscal Year 2009 Annual Budget, this workload measure read "Number of energy accounting bills processed."

processed."

¹¹ In the Fiscal Year 2009 Annual Budget, this workload measure read "Number of City staff trainings conducted on hazardous materials management regulations."

¹² Measure was revised from "Average number of transactions processed daily at the Miramar Landfill fee booth" for Fiscal Year 2010.

¹³ The Department tactical plan was updated for Fiscal Year 2010 to reflect the direction of the City and Department resulting in the elimination of this measure.
