Project Status: Released Contact Information: Meinhardt, Cynthia

Duration: 2009 - 2011 619-533-5259

Improv Type: Replacement cmeinhardt@sandiego.gov

Description: This project provides for a 15,000 square-foot library at a site adjacent to the Florence Elementary School, on a block bounded by Front Street, Washington Street, Albatross Street and University Avenue. This project will serve the Mission Hills and Hillcrest neighborhoods and is part of the 21st Century Library System/Library Department Facility Improvements Program.

Justification / Public Benefit: The existing facility has no meeting room, computer lab, nor adequate seating and collection space to provide adequate library services to the community.

Operating Budget Impact: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: The project is consistent with the Uptown Community Plan for promoting a high level of library services, but will require a technical amendment to re-designate the site from Commercial-Mixed use to Institutional-Library. This will be included during the Uptown Community Plan Update process.

Schedule: Preliminary studies and design concepts began in Fiscal Year 2001. Land acquisition was completed in Fiscal Year 2004 and design work began in Fiscal Year 2006. The estimated cost and schedule for this project was developed in Fiscal Year 2003 and will be revised when funding is identified.

Description: This project would provide for a 2,500 square foot expansion for the existing facility located at 4275 Cass Street. This project is part of the 21st Century Library System/Library Department Facility Improvements Program. The cost estimate and schedule for this project were developed in Fiscal Year 2003 and will be revised when private donations are received.

Justification / Public Benefit: The existing facility does not have a computer lab or additional seating, a collection space would enhance service to the community.

Operating Budget Impact: The personnel operating budget impact is based on the increase in staffing necessary to bring the staffing level up to the standard set in the Branch Facilities Report approved by Council. The non-personnel operating budget impact is based on an average amount per increased square footage necessary to fund on-going maintenance and contractual services required to operate the facility.

Relationship to General and Community Plans: This project is consistent with the Pacific Beach Community Plan and it is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2003. Design completion and construction will be scheduled when private donations are received.

Summary of Project Changes: The total estimated project cost of \$2,589,000 is anticipated to come from private donations within Fiscal Year 2011.

500,000 square feet, with approximately 250 underground parking spaces dedicated to library patrons. It will be large enough to accommodate library needs for 20 years and contain expansion space to accommodate growth for an additional 30 years. The expansion space will be leased until required for library purposes. The lobby will be open to the courtyard, which will contain an outdoor café, and there will be a 350-seat auditorium adjacent to the lobby. The top floor will house special collections and provide public amenities including an airy reading room, a 400-seat multi-purpose room, an art gallery, a small public meeting room, and a series of open terraces.

Justification / Public Benefit: The existing library is too small to provide adequate library and informational services to the library system and the region, and cannot support the technological and programmatic needs of the future.

Description: This project provides for the design and construction of a new Central Library of approximately Operating Budget Impact: The operating budget impact has been estimated. One additional staff is requested as a result of organizational changes, efficiencies and technologies that can be implemented in the new facility. However, the non-personnel costs (NPE) show an increase to maintain a larger building. In fiscal year 2014 an additional \$2.7 million will be needed to cover the NPE costs of the larger building, over 200,000 square feet more than the current Central Library. These operating costs will be offset in part by project-related revenue, which is incorporated in the cost of the project in the amount of \$825,000 per year bringing the revenue to a total of \$2,825,000 a year. Also, the Library Foundation will contribute \$2.0 million per year for the first five years of operation.

> Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

> **Schedule:** Design began in Fiscal Year 2001. Design is complete and construction is scheduled to begin pending results of bids and private fundraising.

Description: This project provides for a 15,000 square-foot facility to serve the San Ysidro Community. Discussions are currently underway with the Redevelopment Agency of the City of San Diego to build the new library as part of a redevelopment project currently planned along San Ysidro Boulevard.

Justification / Public Benefit: The existing library, built in 1924 and remodeled in 1983, is only 4,089 square feet. It contains no meeting rooms or computer lab, no on-site parking, and no separation of the children's area and quiet study areas to serve the current and projected needs of the community.

Operating Budget Impact: The personnel increase reflects the staffing necessary to meet the standard set in the Branch Facilities Report approved by City Council. The non-personnel increase is required to fund ongoing maintenance and contractual services for the additional square footage.

Relationship to General and Community Plans: This project is consistent with the San Ysidro Community Plan and is in conformance with the City's General Plan.

Schedule: The preliminary study, including siting a new library, is scheduled to be completed in Fiscal Year 2011. The estimated construction cost and schedule for this project were developed in Fiscal Year 2003 and will be revised when funding is identified.

Summary of Project Changes: No significant change has been made to this project for Fiscal Year 2011.
