

Department Description

The Fire-Rescue Department protects the life and property of San Diego residents and visitors through a variety of safety services. Serving an area of approximately 331 square miles with a resident population of 1.3 million, Fire-Rescue includes 47 fire stations, a communications center, a training facility, 9 permanent lifeguard stations, and 25 seasonal lifeguard towers.

The major activities performed by the Fire-Rescue Department include fire suppression, emergency medical transport, technical rescue, hazardous materials response, fire investigation, explosives disarmament, fire safety inspection and education programs, equipment and facilities maintenance, waterway and swimmer safety, and the operation of the 911 communications center.

The Department's mission is:

To serve the community of San Diego by providing the highest level of emergency/rescue services, hazard prevention, and safety education ensuring the protection of life, property, and the environment

Goals and Objectives

The following goals and objectives represent the action plan for the Department:

Goal 1: Maintain the resources necessary for rapid response in emergency situations

Essential to the effective delivery of the many fire-rescue, emergency medical, and lifeguard services demanded by the community are the abilities to quickly and efficiently process requests for service, and identify the appropriate response units, notify them of the need to respond, and ensure their delivery to the emergency scene in time to provide the maximum benefit possible. This requires that performance measures be developed and monitored to ensure response time goals are met and the anticipated beneficial outcomes of a rapid response are achieved. In addition, with respect to the prevention of fires and the mitigation of their severity, it is also essential that the inspection of target hazard occupancies and brush management parcels be conducted frequently to identify and

Fire-Rescue

correct fire code violations. The Department will move toward accomplishing this goal by focusing on the following objectives:

- Quickly and safely respond to all request for emergency service
- Put the resources in place to be able to save lives, property, and preserve the environment
- Provide fire prevention services and other support in order to ensure the continued safe and effective delivery of fire and rescue services

Goal 2: Ensure effective leadership for the efficient provision of fire-rescue services

To provide effective emergency service delivery it is imperative that the number and type of resources necessary to provide that service be identified, procured, maintained, and replaced as needed. This requires regular monitoring of service demand levels and the Department's ability to effectively and efficiently meet those demands. A vigorous and ongoing program of needs assessment, development and communication of budgetary priorities, and fiscally sound practices to manage all resources allocated to the Department must be provided by the Fire Chief and the Department's leadership team. The Department will move toward accomplishing this goal by focusing on the following objective:

- Identify needs and revenue sources to obtain and manage the necessary funding in order to responsibly maintain the Department and grow in a way that is consistent with current and projected demands for service

Goal 3: Provide exceptional customer service

It is widely recognized that the Fire-Rescue Department exists as an organization for the sole purpose of delivering exceptional emergency and non-emergency services to the community. Absent this mission and focus, there would be no justification for the expense associated with Department operations. In order to meet customer service expectations, it is essential that service needs be identified, programs be developed to meet these needs, and that monitoring of performance is conducted. The Department will move toward accomplishing this goal by focusing on the following objective:

- Exceed customer expectations by treating each customer transaction with responsiveness, competency, and respect

Goal 4: Develop and maintain a skilled fire-rescue workforce

As with any organization, the Fire-Rescue Department's success relies heavily upon the development and maintenance of a highly skilled and dedicated workforce. To ensure the ability to accurately identify the needs of and provide exceptional service to all segments of this diverse community, the Department must reflect the makeup of the community as a whole. Moreover, once employees join its workforce, they must be provided adequate training and health and safety programs to ensure their competency and availability for assignment. The Department will move toward accomplishing this goal by focusing on the following objectives:

- Provide a comprehensive safety services program for employees in order to reduce the incidence and severity of occupational injury and illness, reduce cost to taxpayers, and maintain mission readiness
- Recruit and retain a workforce that is qualified and mirrors the diversity of the community served

Service Efforts and Accomplishments

For Fiscal Year 2010, the San Diego Fire-Rescue Department applied for grants totaling \$14.4 million and managed a portfolio of \$4.2 million in awarded grants. Federal grants comprise \$3.0 million of the open grants and supported the following projects: a cooperative agreement with the Federal Emergency Management Agency (FEMA) to fund search and rescue efforts as part of the National Urban Search and Rescue (US&R) response, the computerization of building inspections and permitting activities, and the outfitting of a Heavy Rescue apparatus. Private grants account for \$1.2 million of the Department's grant portfolio which includes funding for a helicopter fuel servicing vehicle, a vehicle to transport arson detection canine, high speed data access at incident command posts, and community outreach and citizen training through Community Emergency Response Team (CERT).

Fire-Rescue

In Fiscal Year 2010, San Diego Fire-Rescue facilitated the acquisition of 19 heavy apparatus to include 14 Type I engines, two Type III engines, two water tenders, and one heavy rescue. Thirty-nine light vehicles were procured including the replacement of all frontline operations battalion chiefs' vehicles, replacement of all training (Safety Officers) vehicles, and the replacement of seven Fire Prevention vehicles.

The major facility accomplishments for Fiscal Year 2010 include American Disabilities Act (ADA) upgrades to Fire Station 13, completion of design development plans for Station 2 (Bayside), completion of construction drawings for the La Jolla Shores Lifeguard Station, coordination of exterior painting of Fire Station 4, major re-plumbing of Fire Station 25 and Fire Station 36, completion of the HVAC and electrical system upgrade, and the replacement of chillers at the Fire Communications Center (FCC). In addition, 804 volunteers from the Rock Church performed painting, dry wall and stucco repair, welding, landscaping, trash pickup, and window repair for 22 fire facilities.

Fire-Rescue achieved significant information technology improvements in Fiscal Year 2010. The new regional mapping system will replace the outdated technology for producing Fire Department map books, wall maps, and mobile data computer maps. GIS information from the entire region will now be available to all emergency responders. The Regional Computer Aided Dispatch (CAD) Interoperability Project (RCIP) will link the Computer CAD systems for the entire county's Fire Communications Centers. This will improve data sharing and ensure that the closest, most appropriate resource is dispatched regardless of jurisdiction. This system was initiated during Fiscal Year 2010 with the system becoming fully operational in June of Fiscal Year 2011. The Field Collection Unit (FCU) project replaces the two decade old Fire Inspection Management System by adding a new module to our existing Fire Records Management System. This new system allows first responders and Fire Inspectors to record inspections electronically in the field and wirelessly download them to the new database.

Nearly 26 million people visited City beaches during Fiscal Year 2010 and over 5,000 rescues were successfully performed by lifeguards. The River Rescue Team executed 80 rescues in the San Diego River as a result of storm activity/flooding and no drowning was recorded. Lastly, approximately 1,407 special events permits were approved by the Fire Prevention Bureau.

Key Performance Indicators

Performance Measure	Actual FY2010	Actual FY2011
1. Cost/Loss Index (budget per capita + fire loss per capita)	<\$153	\$139
2. Percent of effective fire force emergency response arrival within National Fire Protection Agency (NFPA) 1710 guideline of 9 minutes (by fire station district)	71%	75%
3. Percent of initial unit emergency response arrival within NFPA 1710 guideline of 5 minutes or less	53%	51.5%
4. Percent of time EMS response time complies with citywide standards (by service area)	92%	89.9%
5. Ratio of drownings to beach attendance at guarded beaches (U.S. Lifeguard Association standard is 1 for every 18 million)	0:24M	0:22M

Significant Budget Adjustments

	FTE	Expenditures	Revenue
Non-Discretionary Adjustment	0.00	\$ 18,270,574	\$ -
Total expenditure allocations that are determined outside of the department's direct control. These allocations are generally based on prior year expenditure trends and examples of these include utilities, insurance, and rent.			
Restoration of Fire Engine Companies	0.00	11,454,718	-
Adjustment to reflect the restoration of the fire engine companies to eliminate the rolling brownouts that were implemented in Fiscal Year 2010.			

Fire-Rescue

Significant Budget Adjustments (Cont'd)

	FTE	Expenditures	Revenue
Equipment/Support for Information Technology Funding allocated according to a zero-based annual review of information technology funding requirements and priority analyses.	0.00	1,886,221	-
Fire Alert System Upgrade Addition of funding for the upgrade of the City's Fire Alert System.	0.00	1,700,000	-
Hourly Personnel Funding Funding allocated according to a zero-based annual review of hourly funding requirements.	47.00	1,679,345	-
Addition of Lifeguard Services at Black's Beach Addition of 4.00 Lifeguard 2s, 2.00 Lifeguard 1s, associated non-personnel expenditures, and revenue as a result of a contract with UCSD to provide lifeguard services at Black's Beach until February 2012.	3.89	351,829	351,829
Addition of Lifeguard Positions Addition of 3.00 Lifeguard 2s associated with training and oceanfront operations.	3.00	294,318	-
Restoration of Lifeguard Training Restoration of overtime expenditures for lifeguard training that was reduced in the Fiscal Year 2010 and 2011 budgets.	0.00	240,000	-
Addition of Assistant Fire Marshal Adjustment reflects the addition of 1.00 Assistant Fire Marshal which was inadvertently removed from the Fiscal Year 2011 budget due to the transition to SAP.	1.00	169,977	-
Addition of Supervising Management Analyst Addition of 1.00 Supervising Management Analyst. The position is responsible for the supervision of the Fire-Rescue Department's fiscal services which includes budget development and monitoring, accounts payable/receivable, as well as OneSD/SAP support.	1.00	117,383	-
Addition of Organization Effectiveness Specialist 3 Addition of 1.00 Organization Effectiveness Specialist 3 and grant reimbursable revenue to support this position. The position will oversee the Lifeguard Division's Junior Lifeguard Program.	1.00	106,362	106,362
Adjustment for the Business Emergency Response Team (B.E.R.T.) Program Adjustment to reflect the implementation and cost recovery of the Business Emergency Response Team program.	0.00	40,774	50,000
Reclassification of Trash/Recycling Dumpster Service Expenses Adjustment reflects the reclassification of trash/recycling dumpster service expenses from discretionary to non-discretionary.	0.00	(15,118)	-
Publishing Services Managed Competition Savings Adjustment to reflect savings to Publishing Services client departments realized by the Managed Competition winning bid.	0.00	(19,521)	-

Fire-Rescue

Significant Budget Adjustments (Cont'd)

	FTE	Expenditures	Revenue
MRO Savings Reduction in non-personnel expenses due to savings resulting from cooperative purchasing agreements for maintenance, repair, and operations (MRO) supplies.	0.00	(85,000)	-
Reduction in Helicopter Supplies Reduction in helicopter supplies.	0.00	(218,066)	-
Reduction in Supplies and Contracts Additional reduction of supplies and contracts expenditures after a review of prior year spending trends.	0.00	(340,132)	-
Public Safety Needs and Debt Service Adjustment due to the creation of the Public Safety Needs and Debt Service Fund to track safety sales taxes and expenditures for public safety needs.	0.00	(1,626,945)	2,510,496
Revenue from New/Revised User Fees Adjustment to reflect an anticipated revenue increase/decrease from the implementation of new and revised user fee charges.	0.00	-	4,963,625
Transfer of Emergency Medical Services Fund Balance Transfer of accumulated Emergency Medical Services fund balance from the Fire/Emergency Medical Services Transport Program Fund.	0.00	-	4,100,000
Transfer of Emergency Medical Services Revenue Transfer of Emergency Medical Services revenue from the Fire/Emergency Medical Services Transport Program Fund.	0.00	-	1,000,000
Renegotiated San Diego Airport Contract Adjustment reflects an increase in revenue as a result of a renegotiated contract between the Fire-Rescue Department and the San Diego Airport. The new contract will provide reimbursement for services offered to the airport and accurately track those costs.	0.00	-	1,000,000
Retroactive High-Rise Fire Inspection Fee Addition of revenue due to retroactive collections of the high-rise fire inspection fee.	0.00	-	600,000
Revised Revenue Adjustment to reflect Fiscal Year 2012 revenue projections.	0.00	-	(443,488)
