Environmental Services

Department Description

The Environmental Services Department ensures that all residents of San Diego are provided with a clean, safe, and ecologically-sound environment. The Department pursues waste management strategies that emphasize waste reduction and recycling, composting, and environmentally-sound landfill management to meet the City's long-term disposal needs, oversees the management of the City's energy use and programs, explores innovative options to increase energy independence, and works to advance more sustainable practices within the City and community.

The Collection Services Division provides weekly residential refuse collection, bi-weekly curbside collection of recyclable commodities and greens materials, and the collection and maintenance of street litter containers in business districts. The Division also procures, delivers, and maintains City-owned automated refuse, recycling, and greenery containers.

The Energy, Sustainability, and Environmental Protection Division manages the City's energy demand and conservation programs, explores innovative options to increase energy independence, supports regulatory compliance at City facilities, and works to advance more sustainable practices within the City and community. This is accomplished through technical assistance and project implementation for energy conservation and renewable energy, hazardous materials management, underground storage tank engineering, lead and asbestos compliance, hazardous substances enforcement at the Miramar Landfill, household hazardous waste collection, and the San Diego Sustainable Community Program.

The Waste Reduction and Disposal Division provides waste reduction education, technical assistance, and waste reduction and recycling programs to residents and business owners within the City of San Diego. The Division enforces solid waste and recycling codes, conducts illegal dump abatements and community cleanups, operates a full-service landfill and organic recycling facility for public use, and maintains eight closed landfills and eight inactive burn sites.

The Office of the Director facilitates the Department's delivery of quality environmental programs through the provision of administrative and regulatory support, community outreach and education, franchise and fiscal management, facility maintenance, human resources and training, information system management, customer service, and safety programs focusing on accident and injury prevention.

Environmental Services

The Department's mission is:

To provide reliable solid waste management, resource conservation, and environmental protection to preserve public health and ensure sustainable communities for future generations

Goals and Objectives

The following goals and objectives represent the action plan for the Department:

Goal 1: Protect the environment and preserve natural resources

The City of San Diego's Environmental Services Department provides solid waste services to all eligible residents and manages environmental programs designed to enhance the community and preserve the quality of life for future generations. The Department will move toward accomplishing this goal by focusing on the following objectives:

- Preserve the capacity of the Miramar Landfill and reduce the waste stream
- Reduce greenhouse gas emissions
- Provide services to the community that will increase protection of human health and the environment

Goal 2: Promote fiscal integrity

It is a priority of the Department to utilize its allocated resources efficiently and provide its customers with cost effective services to improve the community in which we live. The Department will move toward accomplishing this goal by focusing on the following objective:

- Ensure that systems are in place and utilized to protect and enhance fiscal resources

Goal 3: Ensure excellence in service delivery

It is a priority of the Department to provide exceptional customer service to those it serves. The Department will move toward accomplishing this goal by focusing on the following objectives:

- Maintain high customer satisfaction and respond to customer service requests in a timely manner
- Manage Environmental Education and Outreach contracts serving local schools and the community

Goal 4: Maintain a responsive, safe, and innovative work force

It is a priority of the Department to ensure that all employees, especially those working in the community, are provided sufficient training to ensure that they are operating safely throughout San Diego's neighborhoods. The Department values employee ideas and supports a culture of enhancing productivity and innovation. The Department will move toward accomplishing this goal by focusing on the following objective:

- Build a sustainable organization through learning and training opportunities

Environmental Services

Key Performance Indicators

Performance Measure	Actual FY2011	Actual FY2012	Target FY2013
1. Collection Services complaint rate (per 10,000 stops) (G3/O1)	7.7	6.7	6.7
2. Diversion rate of recycled materials from disposal (G1/O1)	68%	65%	65%
3. Number of State Minimum Standard Notice of Violations (NOVs) received (G1/O3)	5 ¹	6	0
4. Tons of household hazardous waste diverted from the Miramar Landfill (G1/O3)	444	453	445
5. Average number of training hours per employee (G4/O1)	9.96	10.80	10.00
6. Satisfaction rate of environmental education and outreach survey (G3/O2)	95%	99%	100%

¹ Three of the violations occurred in Fiscal Year 2009 and Fiscal Year 2010 and were originally assigned to Fortistar, a private company that operates and maintains Miramar Landfill's landfill gas system and then reassigned to ESD in the last week of the fiscal year. The violations were for non-compliance with the Air Pollution Control District's (APCD) regulatory standards. The City is currently in discussion with the APCD and Fortistar to determine if these three violations were correctly assigned to the City.

Service Efforts and Accomplishments

In Fiscal Year 2012, the City ceased waste collection services to residential developments serviced under hold harmless agreements and to small commercial enterprises. This reduction of approximately 18,800 customers reduced program costs by approximately \$1.3 million. The Collection Services Division received the Silver 2011 Collection System Excellence Award from the Solid Waste Association of North America (SWANA) for implementation of a 4-10's-5 collection program.

The Department applied and received approval for more than \$5.0 million in grant funding from the State and federal governments to be used over the next three years to enhance programs for lead abatement, energy efficiency and renewable energy, used oil recycling, and climate mitigation and adaptation.

The Waste Reduction and Disposal Division expects to maintain a 65 percent diversion rate of recycled materials from disposal. In addition, continued enforcement of the City Recycling Ordinance is projected to yield a 5 percent increase in the volume of recyclables collected at privately serviced facilities subject to the Ordinance. The Division has continued to operate the Miramar Landfill in a cost effective, prudent manner. Always striving for improvement, the Landfill's life has been extended through comprehensive oversight that has increased compaction and minimized cover dirt usage. Also, as a result of employee efforts, the site has not received an operational violation¹ from regulatory agencies since July 2009. In Fiscal Year 2012, the Division successfully completed negotiations with Fortistar which led to a major expansion of the landfill gas collection system at Miramar resulting in the avoidance of \$1.5 million in capital installation costs. The Division also anticipates a 99 percent satisfaction rating for its environmental educational outreach in the community.

¹ Operational violation refers only to the activities associated with the burial and compaction of waste and landfill drainage.

Environmental Services

Managed Competition Performance Measures – Landfill

Performance Measure	Actual FY2011	Actual FY2012	Target FY2013
1. Airspace utilization factor	0.55	0.58	0.58
2. Tons of waste disposed	968,536	886,372	900,000
3. Tons of material processed ¹	98,689	102,326	100,000
4. Total commodity sales	\$571,309	\$653,080	\$534,000
5. Number of violations received ²	3	3	0
6. Number of State Minimum Standard Notice of Violations (NOVs) received ²	2	3	0
7. Tons of hazardous waste diverted from Miramar Landfill	16.7	15.0	15.8
8. Number of solid waste inspections conducted	6,563	5,464	5,300
9. Number of customers served at fee booth ³	328,917	313,763	300,000
10. Number of customers served per fee booth employee	20,557	26,147	25,000
11. Total revenue collected (Fee Booth) ⁴	\$26.7M	\$23.7M	\$24.0M
12. Percent of extraction wells sampled annually	100%	100%	100%
13. Percent of surface water sampling and reporting for NPDES permits complete	100%	100%	100%
14. Percent of landfill gas emission and monitoring performed quarterly	100%	100%	100%
15. Percent of groundwater well sampling and reporting completed as required under RWQCB Order 97-11	100%	100%	100%

¹ Represents tons of material received at the Miramar Greenery for processing into recycled landscape products such as mulch, compost, and wood chips.

² This data represents a portion of the information summarized in Key Performance Indicator #3. The ‘Number of violations received’ (Managed Competition Performance Measure #5) and the ‘Number of State Minimum Standard Notice of Violations (NOVs) received’ (Managed Competition Performance Measure #6) equal the total ‘Number of State Minimum Standard Notice of Violations (NOVs) received’ (Key Performance Indicator #3).

³ Number of customers served equals number of transactions.

⁴ Represents all cash and check revenue collected and deferred payment account revenue processed.

Environmental Services

TOTAL BALANCE, RESERVES, AND EXPENSE	\$ 122,994,110	\$ 121,370,342	\$ 116,848,218

* At the time of publication, audited financial statements for Fiscal Year 2012 were not available. Therefore, the Fiscal Year 2012 column reflects final budget amounts from the Fiscal Year 2012 Adopted Budget. As such, current fiscal year balances and reserves are estimates of carryover from the previous fiscal year.
