

FY: 2016 Capital Improvements Program

The Fiscal Year 2016 Adopted Capital Improvements Program (CIP) Budget is \$367.6 million. This budget allocates existing funds and anticipated revenues to both new and continuing projects in the City's \$7.57 billion multi-year CIP. The allocation of funds is based upon an analysis of available funding sources as well as a review of project needs and priorities. The City's CIP needs often outweigh available resources; therefore, the Adopted CIP budget is constrained by the availability of funds. The Fiscal Year 2016 Adopted CIP budget, as summarized in Table 1 below, is funded by a variety of sources, including water sewer enterprise funds, TransNet. and

development impact fees and facilities benefit assessments. Further details on these funding sources and the specific projects included in the Adopted CIP Budget can be found in Volume III of the Fiscal Year 2016 Adopted Budget.

	-	<u> </u>	
Funding Source		FY2016 Adopted Budget	Percent of Total CIP Budget
-			_
Bond Financing	\$	3,876,000	1.05%
Bus Stop Capital Improvement Fund		60,000	0.02%
Developer Funding		63,732	0.02%
Development Impact Fees		33,281,000	9.05%
Environmental Growth Funds		3,284,250	0.89%
Facilities Benefit Assessments		12,566,887	3.42%
Gas Tax Fund		5,000,000	1.36%
General Fund		34,170,579	9.29%
Golf Course Enterprise Fund		175,000	0.05%
Maintenance Assessment Districts		110,000	0.03%
Mission Bay Improvements Fund		6,296,250	1.71%
OneSD/ERP Funding		5,116,800	1.39%
Park Service District Funds		450,565	0.12%
Regional Park Improvements Fund		2,500,000	0.68%
Sewer Funds		114,040,243	31.02%
TransNet Funds		18,829,521	5.12%
Utilities Undergrounding Program Fund		5,000,000	1.36%
Water Fund		122,815,547	33.41%
Grand Total	\$	367,636,374	

Table 1: Fiscal Year 2016 Adopted CIP Budget

An additional \$44.9 million of funding is anticipated to be received during Fiscal Year 2016. This anticipated funding is not included in the Adopted Budget amount of \$367.6 million because the funding sources either require additional City Council approval, such as Facilities Benefit Assessments and grants, or the funding sources are more tentative and staff will request City Council approval to appropriate when the funds have been received. Anticipated funding includes a variety of funding such as donations, grants, developer funding, and Facilities Benefit Assessments.

The Fiscal Year 2016 Adopted CIP Budget of \$367.6 million will support various types of projects, as displayed in **Figure 1** below, such as water and sewer facilities, buildings, and transportation projects. Because the allocation of resources is primarily driven by the availability of funds, the distribution of the Adopted CIP Budget is concentrated on those project types with dedicated funding sources. The Water and Sewer Funds account for the majority of the Adopted CIP Budget and support water and wastewater project types. In addition, 51.9 percent of the CIP budget allocation for City buildings is for buildings that are maintained and operated by the Public Utilities Department and are funded by the Water and Sewer Funds. Transportation projects are primarily funded by TransNet, which may also fund transportation components of other project types in the right-of-way. Landfills, airports, and golf project types are funded by enterprise funds. Parks, and other building projects, such as police, fire, and library buildings, compete for scarce resources, including development impact fees and the City's General Fund.

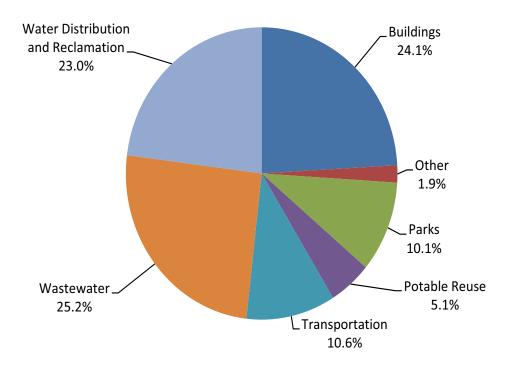

Figure 1: Fiscal Year 2016 Adopted Budget by Project Type

The City's multi-year CIP includes assets which are maintained and operated by a variety of City departments, as shown in **Table 2** below. The largest funding allocation in the Fiscal Year 2016 Adopted CIP Budget is for the Public Utilities Department's projects, receiving \$242.0 million, or 65.8 percent, of the Adopted CIP Budget. The next largest portion is for the Transportation & Storm Water Department's projects, with \$44.8 million, or 12.2 percent, of the Adopted CIP Budget. This

distribution of funding for each department's projects is primarily dependent upon the availability of funding for the types of assets maintained by each department, combined with the amount, size and condition of those assets.

Department	Prior Year	FY2016 Adopted	Future Years	Total
Airports	\$ 16,303,684	-	\$-	\$ 16,303,684
Environmental Services	77,574,598	900,000	900,000	79,374,598
Fire-Rescue	80,142,492	26,393,081	94,527,014	201,062,587
Library	223,138,353	4,331,000	83,310,508	310,779,861
Office of the Chief Operating Officer	1,000,000	-	-	1,000,000
Park & Recreation	210,887,932	37,356,703	173,307,002	421,551,637
Police	10,328,227	5,145,132	9,491,129	24,964,488
Public Utilities	849,799,786	241,972,590	2,549,399,929	3,641,172,305
Public Works - General Services	68,561,124	6,725,986	124,833,181	200,120,291
QUALCOMM Stadium	1,916,720	-	5,850,000	7,766,720
Special Promotional Programs	3,232,728	-	533,497,313	536,730,041
Transportation & Storm Water	759,544,193	44,811,882	1,323,359,213	2,127,715,288
Grand Total	\$ 2,302,429,835	\$ 367,636,374	\$ 4,898,475,289	\$ 7,568,541,498

Table 2: Multi-Year CIP

The Fiscal Year 2016 Adopted CIP Budget will add \$367.6 million to the City's \$7.57 billion multiyear CIP. City Council previously approved \$2.30 billion towards projects that are continuing from previous fiscal years. An estimated \$4.90 billion of additional funding will be needed in future years to complete the projects currently in the City's CIP and to fund annual ongoing capital expenses, such as road resurfacing and pipe replacements. The City's CIP does not include all of the City's unfunded CIP needs or new projects which may be added in future years.

Priority Scores are given to projects as a way to compare them to other similar projects of the same project type within the Capital Improvement Program (CIP). Council Policy 800-14, Prioritizing CIP Projects, updated in November 2013, outlines the process for scoring and prioritizing projects. The policy establishes a capital planning process that ultimately leads to decisions that optimize the use of available resources for projects competing for funding, resulting in the maximum benefit from the projects delivered. This policy takes into account the emergency status of a project, the risk to environment, the sustainability of resources, and provides guidelines and procedures to maintain consistency in application across all asset-owning departments by requiring an asset specific scoring methodology using unique operational needs and an objective scoring tool in prioritizing CIP projects. More details regarding the project prioritization process can be found in the Project Prioritization section of Volume III of the Fiscal Year 2016 Adopted Budget.

Multi-Year CIP Plan

Buildings, infrastructure, technology, and major equipment are the physical foundation for providing services to the City's constituents. Therefore, the procurement, construction, and maintenance of capital assets are a critical activity of the City. Careful planning involves ongoing review of the City's

capital needs and funding programs to develop an integrated capital asset management system. In addition, the CIP Audit of 2011 elaborated on how important it was for the City to implement a comprehensive multi-year plan in addition to the annual CIP budget. A prudent multi-year capital plan will identify and prioritize expected needs based on a community's strategic plan, establish project scope and cost, detail estimated amounts of funding from various sources, and project future operating and maintenance costs that will expand well beyond one year.

To this end, the Public Works Department released Report No: 15-008, Multi-Year Capital Planning Report (MYCP), on January 16, 2015. The MYCP is the first ever consolidated CIP plan which presents a comprehensive overview of the City's MYCP including current driving factors, reviews of services level standards, a discussion of condition assessment impacts, and a cost analysis which spans over multiple fiscal years. The MYCP will be released on an annual basis and will be used as a guide in developing the City's Annual Capital Improvement Program Budget.
