The San Diego Police Department serves approximately 1.3 million residents with professionalism and integrity. In addition to the Headquarters building, the Department serves the community from ten area commands located throughout the City. For policing purposes, the City is divided into 19 service areas and 123 neighborhoods.

The following ten area commands extend throughout the City and greatly facilitate the Department's community-based policing and problem-solving efforts: Central Division, Eastern Division, Mid-City Division, Northern Division, Northeastern Division, Northwestern Division, Southeastern Division, Southern Division, Traffic Division, and Western Division. The two largest area command facilities are Central Division and Mid-City Division. These facilities serve geographical areas of 9.7 square miles and 12.8 square miles, respectively. The largest geographical area of the City (103.8 square miles) is served by the Northeastern Division. The Capital Improvement Program plays an important role in addressing the Police Department's facility needs.

2015 CIP Accomplishments

In Fiscal Year 2015, the Police Department accomplished the following:

- Finalization of the architectural design for the Police Shooting Range Refurbishment Project.
- Finalization of the technical requirements, issuance of the Request for Proposals (RFP), and vendor selection for the Computer Aided Dispatch System Replacement Project.
- Completion of the project design phase of the Co-generation Re-power Project, which will replace the two existing cooling towers, as well as the existing chillers with new energy efficient turbo chillers at the Police Headquarters building.

2016 CIP Goals

In Fiscal Year 2016, the Police Department anticipates accomplishing the following:

- Installation and configuration of the hardware and delivery of the software for the Computer Aided Dispatch System Replacement Project.
- Completion of the Co-generation Re-power Project.
- Begin construction of the initial phase of the Police Range Refurbishment Project, which includes ADA improvements to existing restrooms and walkways; the addition of disabled parking spaces; drainage improvements; completion of project infrastructure of all underground utilities; interior upgrades to training room, staff restroom and staff office area; and construction of a new trash collection area.

CAD System Replacement Project / S13100

Bldg - Pub Safety - Police Fac / Struct

Council District: Citywide	Priority Score: N/A
Community Plan: Citywide	Priority Category: N/A
Project Status: Continuing	Contact Information: Chen, Steve
Duration: 2013 - 2018	619-533-5762
Improv Type: Replacement	schen@pd.sandiego.gov

Description: This project provides for the replacement of the Police and Fire-Rescue Department Computer Aided Dispatch (CAD) systems that will incorporate newer technologies available for emergency response, improve operational availability, and expand the tools available for the efficient dispatching of 9-1-1 calls.

Justification: The current CAD system does not meet acceptable industry standards for high availability or emergency site recovery. Over the past 25 years, the CAD application has been modified numerous times, and technical support for the aging system has become difficult to acquire and has been increasingly expensive.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: The project began in Fiscal Year 2013. The configuration and implementation phase is expected to begin in late Fiscal Year 2015, with completion in Fiscal Year 2018.

Summary of Project Changes: No significant changes have been made to this project for Fiscal Year 2016.

Description: The Enterprise Radio/Phone Logger project is a joint project between the Police Department and the Fire-Rescue Department, and potentially other stakeholders within the City of San Diego. The Radio/Phone Logger records radio and phone traffic for Police and Fire, including 9-1-1 telephone calls.

Justification: The SDPD currently has an antiquated radio/phone logger system that has been in service for many years. The system has become unreliable; the new system will be industry standard, providing reliability. The new system will also include redundancy and back-up capabilities with the Fire-Rescue Department.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: This project is expected to begin in late Fiscal Year 2015, with implementation in the first half of Fiscal Year 2016.

Summary of Project Changes: This is a new project for Fiscal Year 2016.

Description: The Police 911 Call Manager is the phone system used by the Police Department to receive 9-1-1 and non-emergency calls from the public.

Justification: The SDPD currently uses an older version of the VESTA/9-1-1 Call Manager system that is based on the unsupported Windows XP operating system. It is critical for security that this system be replaced with a system that is Windows 7 compatible.

Operating Budget Impact: Maintenance each year is projected to be approximately \$90,000, and will be funded through the Police Department operating budget.

Relationship to General and Community Plans: This project is consistent with the applicable community plans and is in conformance with the City's General Plan.

Schedule: This project is scheduled to begin and be completed Fiscal Year 2016.

Summary of Project Changes: This is a new project for Fiscal Year 2016.

Description: This project will replace existing engines and system components necessary to provide for system reliability. The Co-generation equipment will be removed and the existing chillers will be replaced with high efficiency screw chillers. In addition, the existing cooling towers will be rehabilitated to ensure the cooling loads required for the Police Headquarters are met.

Justification: This project will provide the facility with more reliable power during emergency operation events.

Operating Budget Impact: The equipment will be maintained by City staff. Natural gas and associated maintenance expenses are estimated not to exceed \$15,000, annually.

Relationship to General and Community Plans: This project is consistent with the Centre City Community Plan and is in conformance with the City's General Plan.

Schedule: Design began in Fiscal Year 2014 and will be completed in Fiscal Year 2015. Construction is scheduled to be completed in Fiscal Year 2017.

Summary of Project Changes: No significant change has been made to this project.

Description: This project will provide for the repair, replacement, and maintenance of the existing police shooting range located on Federal Boulevard. The project includes the demolition of dilapidated bullet back stops, removal of lead contaminated soil berms, hauling of excess soil offsite, drainage improvements, installation of retaining walls, and the installation of new bullet recovery systems, in addition to other relevant needed improvements throughout the site.

Justification: This project will provide for the repair of the existing police shooting range.

Operating Budget Impact: None.

Relationship to General and Community Plans: This project is consistent with the Mid-City/City Heights Community Plan and is in conformance with the City's General Plan.

Schedule: Project planning began in Fiscal Year 2011 and was completed in Fiscal Year 2012. Design was completed in Fiscal Year 2014. Construction of first phase is scheduled to begin in Fiscal Year 2016 with the available funding. Construction of future phases will be scheduled pending identification of funding.

Summary of Project Changes: Unidentified funding increased by \$3.2 million due to a revised cost estimate for construction. A prior year decrease of \$1.2 million in Deferred Maintenance Revenue 2012A-Project Funds is reflected.

Description: In 2001, the City Council approved a Joint Powers Authority between the City of San Diego, County of San Diego, and San Diego Community College District for the development, financing, and administration of the Regional Public Safety Training Institute (RPSTI). The Naval Training Center Reuse Plan, approved by the Department of the Navy and City Council, set aside 24.7 acres for the purpose of a public safety training facility. The City's projected share of the total cost of the project will be funded jointly by the San Diego Fire-Rescue and Police Departments.

Justification: The expansion of the campus at Miramar College has required the relocation of law enforcement training.

Operating Budget Impact: The impact on the Police Department's operating budget cannot be determined at this time due to the unavailability of detailed project information. This project would impact the operating budget of the Police and Fire-Rescue Departments.

Relationship to General and Community Plans: This project is consistent with the Peninsula Community Plan and is in conformance with the City's General Plan.

Schedule: The project description is preliminary and the scope of work is not established; only planning and other preliminary activities have been performed to-date.

Summary of Project Changes: This project is anticipated to be cancelled and will be closed. Design and construction of a public safety training institute may be revisited in a future project when funding is identified.
