

2009 San Diego Commission on Gang Prevention and Intervention Workplan

Introduction

In 2006, the Commission on Gang Prevention and Intervention was established by the San Diego City Council to develop a strategic collaborative effort between the various agencies who work with gang related issues.

Completing its Strategic Action Plan in 2007-08, the Commission implemented many initiatives based on the goals in the Action Plan and has facilitated collaboration and instituted the coordination of services and initiatives in some communities. Though gang violence has decreased as of this writing (According to the San Diego Police Department Gang Statistics, in 2008 in there were 21 gang homicides in 2008, as opposed to 28 gang homicides in 2007), the Commission believes that continued sustained efforts are needed to nurture the seeds (i.e. programs, collaborations, strategic efforts) that will continue to impact gang activity (gang recruitment and violence). This workplan fine tunes its goals, the direction and initiatives for 2009.

.The Mission and Vision of the San Diego Commission on Gang Prevention and Intervention are as follows:
