Building Healthy Communities – City Heights

.....because that is where health happens

....and where change begins

What is BHC?

Our Community Partners

Creating places where children are healthy, safe and ready to learn.

14 communities taking action to make where they live healthier

Four Goals for Building Healthy Communities

Schools promote healthy behaviors and are a gateway for resources and services for families

Health systems are family-centered and prioritize prevention

Physical, social, and economic environments in local communities support health

Human services systems are family centered, prioritize prevention, and promote healthy opportunities for children, young adults, and families

10 Outcomes

Outcome 1	All children have health coverage
Outcome 2	Families have improved access to a health home that supports healthy behaviors
Outcome 3	Health and family-focused human services shift resources towards prevention
Outcome 4	Residents live in communities with health-promoting land-use, transportation and community development
Outcome 5	Children and their families are safe from violence in their homes and neighborhoods
Outcome 6	Communities support healthy youth development
Outcome 7	Neighborhoods and school environments support improved health and healthy behaviors
Outcome 8	Community health improvements are linked to economic opportunity
Outcome 9	Health gaps are narrowed for boys and young men of color
Outcome 10	California has a shared vision of community health

3 primary domains of work
