NOTICE IS HEREBY GIVEN that on June 24, 2009, Standard & Poor's Ratings Services announced that it had lowered its financial strength ratings on Ambac Assurance Corporation (Ambac) to "BBB" from "A", and placed it on CreditWatch negative.

For each of the bond issuances insured by Ambac identified on the cover, the attached table sets forth the initial insured ratings from the three rating agencies, the current insured ratings, and the current underlying ratings. The table also indicates the issuances with debt service reserve requirements satisfied in whole or in part by an Ambac surety bond.

The ratings reflect the view of the rating agency and any desired explanation of the significance of a rating should be obtained from the rating agency. Such ratings are not a recommendation to buy, sell or hold any City indebtedness. Generally, a rating agency bases its ratings on the information and materials furnished to it and on investigations, studies and assumptions of its own. There is no assurance that such ratings will continue for any given period or that such ratings will not be revised downward or withdrawn entirely provided, if in the view of such rating agency, circumstances warrant. Any such downward revision or withdrawal of such ratings may have an adverse effect on the market price or marketability of the City's obligation identified on the cover page hereof.

Research Update:

Ambac Assurance Corp. Ratings Lowered To 'BBB' And Placed On CreditWatch Negative

Overview

- We believe that Ambac Assurance Corp. is effectively in runoff.
- Loss reserving increases have depleted surplus, boosting the likelihood of regulatory intervention, and we believe Ambac's prospects for writing new business are negligible.
- As a result, we have lowered our ratings on Ambac to 'BBB' from 'A' and placed them on CreditWatch negative.

Rating Action

On June 24, 2009, Standard & Poor's Ratings Services lowered its counterparty credit, financial strength, and financial enhancement ratings on Ambac Assurance Corp. to 'BBB' from 'A'. At the same time, Standard & Poor's also lowered the ratings on related entities and placed all of the ratings on CreditWatch with negative implications.

Rationale

The downgrade stems from our view that Ambac is effectively in runoff. We also lowered the ratings because of our belief that the likelihood of the company continuing as an operating entity capable of writing new business has decreased significantly.

As the company's book of business runs off, it could become concentrated and lack sufficient sector diversity. In addition, the company's 2005-2007 vintage direct RMBS and CDO of ABS exposures are subject to continued adverse loss development that could erode capital adequacy. Supporting the holding company's debt-service needs might also place pressure on capital adequacy.

CreditWatch

As a runoff company, the ratings on Ambac would be no higher than in the 'BBB' category. We could lower the ratings again if, upon review of the insured portfolio, we determine that Ambac's capital position has weakened.
