## TRUCKED STORMWATER SYSTEM CLEANING CERTIFICATION STATEMENT

Based on my management of operations at the permitted facility, or my inquiry of the person or persons so managing, I certify that to the best of my knowledge and belief, wastewater generated by storm drain system cleaning and hauled under this permit will NOT be from storm drain systems:

- conveying industrial wastewater
- falling under a State Water Resources Control Board Cleanup and Abatement Order or other regulatory agency cleanup order; unless the Industrial Wastewater Control Program has granted written (site-specific) approval
- located outside of the County of San Diego.

I am aware of the potential for significant penalties for submission of false information, including the possibility of fines and imprisonment for knowing violations.
