# Assessment Engineer's Report North Park Clean & Safe Overlay Maintenance Assessment District

---

## Preamble

Pursuant to the provisions of the "Maintenance Assessment Districts Ordinance" (San Diego Municipal Code, Division 2, Article 5, Chapter VI, §65.0201 et seq.), provisions of the "Landscaping & Lighting Act of 1972" (California Streets & Highways Code §22500 et seq.), applicable provisions of "Proposition 218" (Article XIII D of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), and in accordance with the Resolution of Intention, being Resolution No. \_\_\_\_\_, adopted by the CITY COUNCIL OF THE CITY OF SAN DIEGO, COUNTY OF SAN DIEGO, STATE OF CALIFORNIA, in connection with the proceedings for the NORTH PARK CLEAN & SAFE OVERLAY MAINTENANCE ASSESSMENT DISTRICT (hereinafter referred to as "District"), EFS ENGINEERING, INC., as Assessment Engineer to the City of San Diego for these proceedings, submits herewith this report for the District as required by California Streets and Highways §22565.

PRELIMINARY APPROVAL BY THE CITY COUNCIL OF THE CITY OF SAN DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2011.

---

Elizabeth Maland, CITY CLERK  
CITY OF SAN DIEGO  
STATE OF CALIFORNIA

FINAL APPROVAL BY THE CITY COUNCIL OF THE CITY OF SAN DIEGO, COUNTY OF SAN DIEGO, CALIFORNIA, ON THE \_\_\_\_\_ DAY OF \_\_\_\_\_, 2011.

---

Elizabeth Maland, CITY CLERK  
CITY OF SAN DIEGO  
STATE OF CALIFORNIA

## Executive Summary

**Project:** North Park Clean & Safe Overlay  
 Maintenance Assessment District

**Apportionment Method:** Land Use – Equivalent Benefit Units (EBUs)  
 Frontage – Linear Frontage Feet (LFF)

	<b>FY 2012 <sup>(1)</sup></b>	<b>Maximum <sup>(2)</sup> Authorized</b>
<b>Total Parcels Assessed:</b>	2,480	--
<b>Total Estimated Assessment:</b>	\$470,193	\$470,193
<b>Total Assessment Units:</b>		
<i>EBUs</i>	12,818.02 EBUs	--
<i>Primary LFF</i>	26,895.00 LFF	--
<i>Secondary LFF</i>	82,206.19 LFF	--
<b>Unit Assessment Rates:</b>		
<i>Cost per EBUs</i>	\$27.51 per EBU	\$27.51 per EBU
<i>Cost per Primary LFF</i>	\$2.7125 per LFF	\$2.7125 per LFF
<i>Cost per Secondary LFF</i>	\$0.5425 per LFF	\$0.5425 per LFF

NOTE: Total Parcels Assessed, Total Estimated Assessment, and Total Estimated EBUs and Total Estimated LFF may vary from fiscal year to fiscal year due to parcel changes and/or land use re-classifications.

<sup>(1)</sup> FY 2012 is the City's Fiscal Year 2012, which begins July 1, 2011 and ends June 30, 2012.

<sup>(2)</sup> Maximum authorized assessment subject to cost indexing provisions set forth in this Assessment Engineer's Report.

**Annual Cost-Indexing:** The maximum authorized assessment for maintenance will be indexed annually by a factor equal to the published *San Diego Consumer Price Index for Urban Consumers* plus three percent (3%).

**Bonds:** No bonds will be issued in connection with this District.

---

## Background

The existing North Park Maintenance Assessment District (North Park MAD) was established in April 1996 with the purpose of maintaining and providing specified landscape, hardscape and lighting improvements within the existing North Park MAD boundaries. Property owners located within and around the North Park Business Improvement District (North Park BID), in the Greater North Park Community, have petitioned the City of San Diego (City) to form a new assessment district to fund enhanced improvements and services to a limited area of the North Park MAD.

The City has retained EFS Engineering, Inc. to prepare an Assessment Engineer's Report for the formation of the North Park Clean & Safe Overlay Maintenance Assessment District (District). The purpose of the District will be to fund enhanced improvements and services located within the District. The assessments levied as part of this District will be separate, and in addition to those authorized under the existing North Park MAD.

---

## District Proceedings for Fiscal Year 2012

This District will be authorized and administered under the provisions of the "Maintenance Assessment Districts Ordinance" (San Diego Municipal Code, Division 2, Article 5, Chapter VI, §65.0201 et seq.), provisions of the "Landscaping & Lighting Act of 1972" (California Streets & Highways Code §22500 et seq.), applicable provisions of "Proposition 218" (Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"). This report has been prepared in compliance with Assessment Law.

Upon preliminary approval of this report by the City Council and the attachment of a resolution of intention, this report will be filed with the Clerk of the City, and a time and place for a public hearing will be set. The Clerk will give notice of the public hearing and proposed assessments by mailing an official notice to all persons owning real property proposed to be assessed as part of the District. In accordance with Assessment Law, a ballot will be mailed with the official notice.

The ballot will make provision for casting an affirmative or protest vote.

A public hearing will be scheduled where public testimony will be heard by the City Council. The public hearing will include presentation and consideration of this report, hearing of public testimony, and recordation of affirmative and protest votes. After conclusion of the public hearing, a tabulation of affirmative and protest votes will be declared.

If a weighted simple majority of ballots cast by parcel owners (weighted according to each parcel's proportionate assessment) are affirmative, the City Council may, at its discretion, proceed to confirm the new assessments and order the assessments to be levied as proposed in this Assessment Engineer's Report. If a weighted majority of the ballots cast protest the proposed assessments, the proposed assessments must be abandoned.

### **Bond Declaration**

No bonds will be issued in connection with this District.

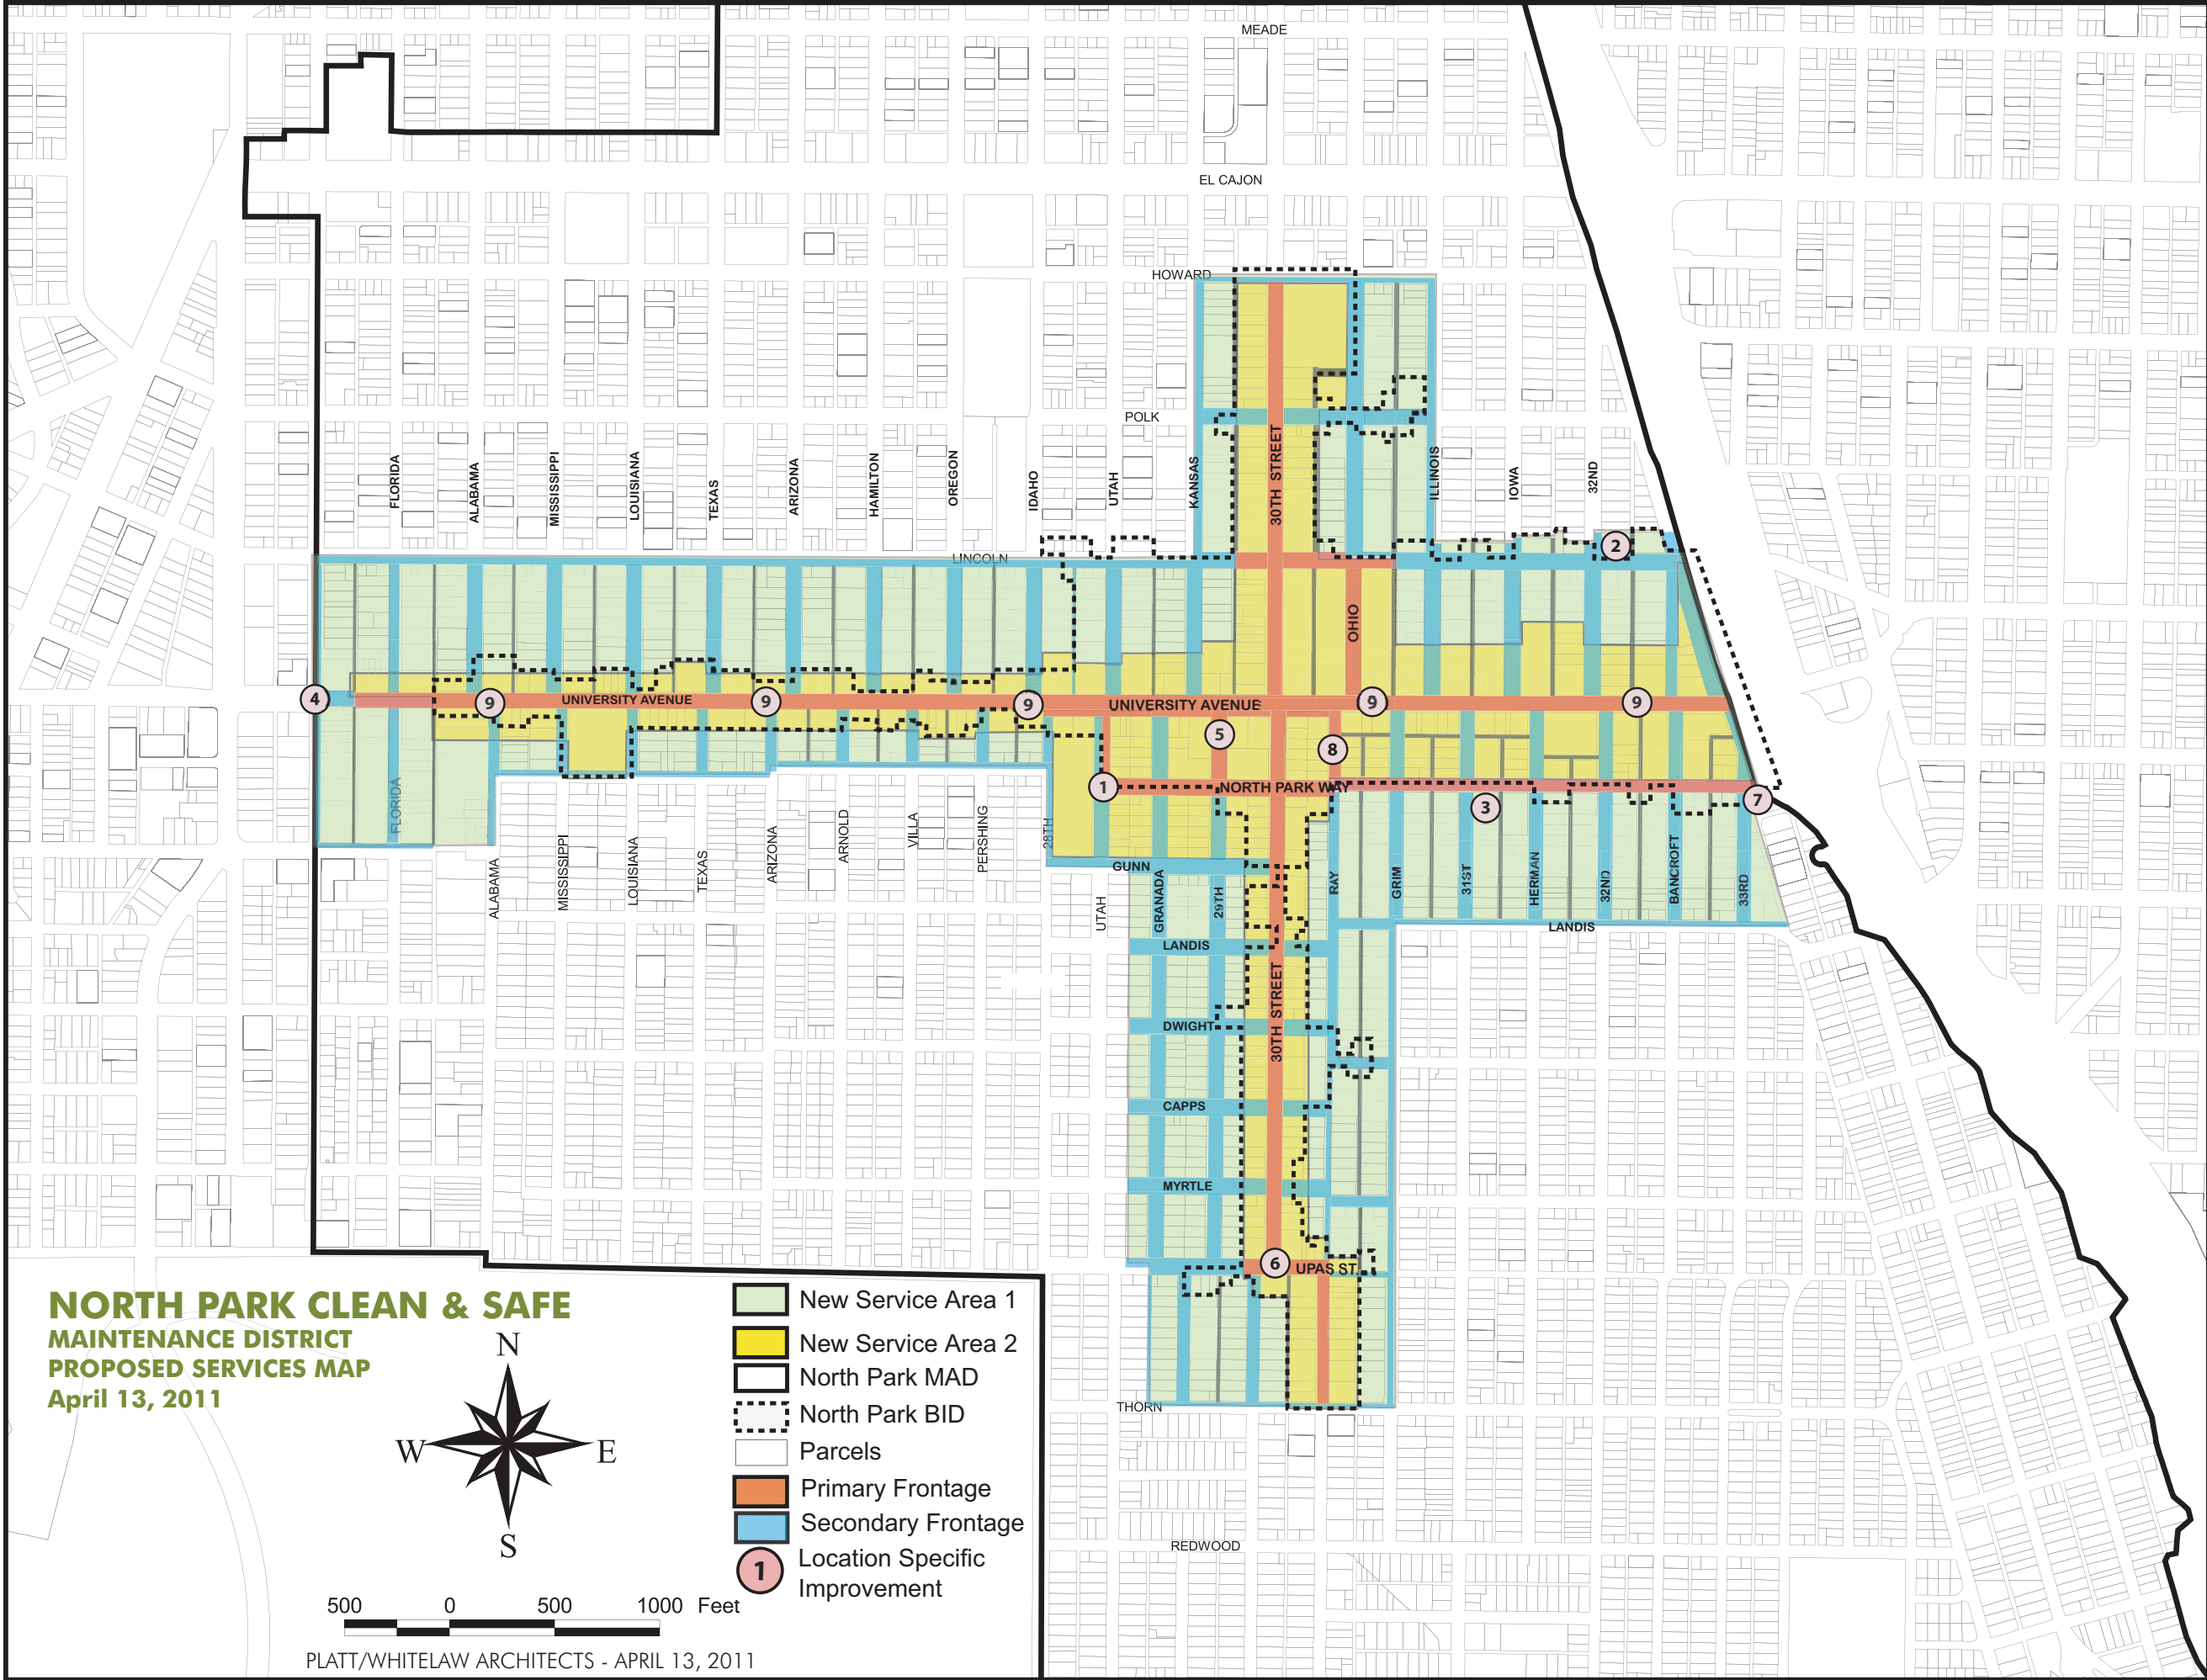

---

## **District Boundary**

The District is located within the Greater North Park Community, and includes those properties which front the proposed enhanced improvement/service corridors, as generally shown in **Figure 1**. The District is completely inside the boundaries of the existing North Park MAD, and will function as a separate assessment in addition to the North Park MAD.

The Boundary Map and Assessment Diagram for the District are on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City, and by reference are made a part of this report. The Boundary Map and Assessment Diagram for the District are available for public inspection during normal business hours. A reduced copy of the Boundary Map is included as **Exhibit A**.

---

## Project Description

With the assistance of Platt/Whitelaw Architects, the North Park Main Street Association conducted a survey of property owners and held a public meeting, the purposes of which were to determine the scope of enhanced improvements/services and community support for alternative levels of potential service. Based on the results of these outreach efforts, a preferred alternative was identified, which is summarized in **Table 1** and generally depicted in **Figure 1**.

The project to be funded by the proposed assessments includes maintenance and installation activities as shown in **Table 1** and **Figure 1**. These activities include, but are not limited to lighting, landscaping, hardscape features (sidewalks, curbs, gutters, etc.), trees, litter and weed abatement, neighborhood gateway elements, and other improvements. All improvements to be maintained by the District fall within dedicated City public rights-of-way, are on City property, or are on a City easement.

In addition to the general improvements/services provided on the primary and secondary corridors, the following site specific improvements were identified for maintenance and/or capital improvement:

- Jefferson Elementary School Streetscape
- Fire Station #14 Grounds
- North Park Library Grounds
- Georgia Street Gateway
- 29<sup>th</sup> Street Plaza & Birch North Park Theatre (North Park Mini-Park)
- 30<sup>th</sup> Street/Upas Street Monument
- Boundary Street Gateway
- Ray Street Art & Culture District
- University Avenue Mobility Plan

For additional detail as to location and type of improvements/services, please refer to the engineering plans, maps, sketches, specifications, and other materials on file with the City Park and Recreation Department.

**TABLE 1 - Summary of Proposed Improvements/Services**

	IMPROVEMENTS/SERVICES	LOCATION			FREQUENCY OF SERVICE		PROGRAM COST

SOURCE: "North Park Clean & Safe - Preliminary Scope of Services" prepared by Platt/Whitelaw Architects (April 8, 2011).

Within the confines of applicable Assessment Law, the proposed assessments may be used to construct and/or maintain additional improvements of like character and nature to the extent that such activities are consistent with the method of cost apportionment.

---

## Separation of General & Special Benefits

The identified improvements/services provide benefit to the parcels located within the District. These benefits are “special benefits” (beyond the “general benefits” provided to the public at large) because such services/improvements are either not provided by the City or provided at lesser service level.

The proceeds from the assessment will be used to fund enhanced improvements/services within the District that, in absence of the assessment, otherwise would not be provided at an enhanced level or frequency of service. The District will continue to receive the same level of general services provided to the public at large under City-funded and administered programs, as determined annually, for maintenance of public facilities and improvements (e.g., street trees, sidewalks, street lights, etc.), including street sweeping and graffiti removal on public property.

Consistent with City policy for the public at large, the City will provide the District with annual contributions from the Gas Tax Fund for median maintenance, such as the proposed medians on University Avenue. In addition, the City will contribute for lighting maintenance and energy costs an amount equivalent to that used for City minimum required streetlights (see *City Council Policy 200-18* for lighting standards). If the District assumes maintenance of the grounds of either Fire Station #14 or the North Park Library, the City will provide the District with annual contributions from the General Fund. Other future improvements may be eligible for similar City contributions.

These cost allocations, reviewed and adjusted annually by the City, are considered to be “general benefits” administered by the District. All other maintenance, operations, and administration costs associated with the District, which exceed the City’s contribution to the public at large, are accordingly considered to be “special benefits” funded by the District.

---

## Cost Estimate

### Estimated Costs

Estimated Fiscal Year 2012 and maximum authorized annual costs (provided by the City) are included as **Exhibit B**. Assessments authorized and collected as part of these proceedings may be used for future balloting and re-engineering efforts, as may be required from time to time. In future years, the maximum authorized budget may increase or decrease based on the amount of assessments levied in a given fiscal year.

Amounts for each expenditure category shown in **Exhibit B** may vary depending on specific needs for the District. In future years, budgets for each expenditure category for the District will be presented in the Mayor's Proposed Budget and approved annually through the City Council budget deliberation process.

### Annual Cost-Indexing

With the passage of Proposition 218, any proposed increase in District assessments must be approved by affected property owners via a mail ballot and public hearing process, similar to these proceedings. A weighted simple majority of ballots received (weighted according to each parcel's proportionate assessment) must be affirmative for the City Council to confirm and levy the increased assessments. For small assessment districts or districts with relatively low dollar assessments, the cost of an assessment engineer's report, balloting, and the public hearing process can potentially exceed the total amount of the increase. These incidental costs of the proceedings can be added to the assessments, resulting in even higher assessments.

Indexing assessments annually to a factor not-to-exceed the *San Diego Consumer Price Index for Urban Consumers* (SDCPI-U) plus three percent (3%) allows for minor increases in normal maintenance and operating costs, without incurring the costs of ballot proceedings required by Proposition 218. Any significant change in the assessment initiated by an increase in service provided or other significant changes to the District would still require Proposition 218 proceedings and property owner approval.

The maximum authorized maintenance assessment rates established in these proceedings will be indexed (increased) annually by a factor equal to the published SDCPI-U plus three percent (3%). Fiscal Year 2013 will be the first year authorized for such indexing. For example, if a parcel's maximum authorized maintenance assessment for a given fiscal year was \$100.00 and the published SDCPI-U increase for that year was 2.0%, the parcel's maximum authorized maintenance assessment for the subsequent fiscal year will be increased to \$105.00 without a vote of property owners in the District. The parcel's actual annual assessment may be less than or equal to the maximum authorized maintenance assessment depending upon the estimated budget for the fiscal year.

---

## Method of Apportionment

### Estimated Benefit of Improvements

The *Greater North Park Community Plan* (Community Plan) and the general policy recommendations found in the City's *Progress Guide & General Plan* (General Plan) establish several goals, objectives, and guidelines for the planned development of the community. The Community Plan makes specific reference to the following noteworthy objectives and recommendations:

- "Preservation of community character and historical, architectural and cultural resources." (p. 10)
- "Revitalize the central business district at University Avenue and 30<sup>th</sup> Street..." (p. 11)
- "Continue the ongoing implementation of the programs for Adams Avenue, El Cajon Boulevard and *University Avenue* which include land use and urban design analysis, economic analysis and a marketing survey." (p. 12, emphasis added)
- "Visually enhance transportation corridors to improve community image and identification." (p. 13)
- "Provide improved street lighting at appropriate locations." (p. 14)
- "Enhance the appearance of major streets through the design of new development, public improvements and landscaping...Preserve existing street trees and increase the quality of landscaping in

public rights-of-way and front yard areas...Create neighborhood identities through coordinated street plantings.” (p. 16)

- “Most of the commercial streets have little or no landscaping. The addition of landscaping, particularly trees, can enhance the visual environment, provide shade and soften the effect of the pavement inherent in a commercial area.” (p. 113)
- “Extensive tree plantings should be provided or preserved to enhance the visual quality of public streets and provide a strong element of continuity as future development occurs...Landscaping themes for all major streets in the community should be studied, and specific plans should be developed. Priority should be given to improving landscaping in the commercial areas...Landscaping programs should be established along selected streets throughout the community. These ‘parkways’ have been selected because they either enhance the visual appearance of major important thoroughfares which enhance the visual image of the community or because they provide pleasant landscaped linkages between public places. Park Boulevard, El Cajon Boulevard, *University Avenue*, Adams Avenue and portions of *30<sup>th</sup> Street* are streets which can enhance the visual appearance of the community through landscaping programs.” (p.115, emphasis added)
- “Enhance and improve streets, sidewalks, benches and other amenities which will encourage more pedestrian, bicycle and public transportation use.” (p. 121)

The proposed improvements/services are consistent with these objectives and recommendations. The City’s General Plan and Community Plan support the establishment of community-based improvement and maintenance districts, such as this District, to fund installation and maintenance of enhanced improvements/services.

The proposed improvements/services are generally located in the public rights-of-way along the various transportation corridors within the District. These transportation corridors serve as the primary access routes for inter-community and intra-community trips. Parcels within the District benefit from the improvements/services in terms of enhanced aesthetics, community image, commercial vitality and public safety.

## Apportionment Methodology

The total cost for providing the proposed improvements/services will be assessed proportionally to the parcels in the District based on parcel land use and frontage along the improvement/service corridor. The total assessment for a given parcel is equal to the sum of the parcel's Land Use Assessment and Frontage Assessment, as shown in the following equation:

$$\text{Total Assessment} = \text{Land Use Assessment} + \text{Frontage Assessment}$$

Based on a review of the proposed improvements/services, it has been determined that seventy-five percent (75%) of the total budget will be apportioned based on land use, and the remaining twenty-five percent (25%) based on frontage. This division is consistent with the concept that the vast majority of these services to be provided are related to intensity of use (land use) considerations.

## Land Use Assessment

The Land Use Assessment is based on the number of Equivalent Benefit Units (EBUs) assigned to each parcel. EBUs have been determined as a function of parcel area (or number of residential units) and two factors, a Land Use Factor and a Benefit Factor, related as shown in the following equation:

$$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor}$$

Each of these factors is discussed below. Parcels determined to receive no benefit from the District improvements/services have been assigned zero (0) EBUs.

## Land Use Factor

Since the proposed District improvements/services are primarily associated with the Transportation Element of City's General Plan and Community Plan, trip generation rates for various land use categories (as previously established by the City's Transportation Planning section) have been used as the primary basis for the development of Land Use Factors. While these trip generation rates address vehicular trips, they also approximately reflect relative trip

generation for other modes of transportation (e.g., pedestrian trips, bicycle trips, etc.), and are considered the best available information for estimating intensity of use.

Trip generation rates provide the required nexus and basis for assigning relative proportionality of potential benefit to the various land use/zoning classifications (as defined by the City's Municipal Code) within the District. Land use/zoning classifications have been grouped with averaged trip generation rates assigned to establish the Land Use Factors as shown in **Table 2**.

**TABLE 2: Land Use Factors**

Land Use/Zoning	Code	Land Use Factor <sup>(1)</sup>
Residential – Single Family	SFD	1.0 per dwelling unit
Residential – Condominium	CND	0.7 per dwelling unit
Residential – Duplex	DUP	0.7 per dwelling unit
Residential – Multi-Family & Apartment	MFR	0.7 per dwelling unit
Commercial – Office & Retail	COM	40.0 per acre
Commercial – Restaurant & Hospitality	RST	50.0 per acre
Industrial	IND	15.0 per acre
Church/House of Worship	CRH	2.8 per acre
Institutional	INS	15.0 per acre
Educational – Primary & Secondary	EPS	5.0 per acre
Park – Developed	PKD	5.0 per acre
Park – Undeveloped	PKU	0.5 per acre
Fire/Police Station	FPS	15.0 per acre
Utility Facility	UTL	3.0 per acre
Open Space (designated)	OSP	0.0 per acre
Street/Roadway	STR	0.0 per acre
Vacant/Undeveloped	VAC	0.0 per acre

<sup>(1)</sup> Based on trip generation rates contained in the City of San Diego *Trip Generation Manual* (May 2003).

Designated open space serves primarily to preserve natural landscape and habitat. While access for study and passive recreation is often permitted, these activities are allowed only to the extent they are consistent with the primary purpose of natural preservation. Since this land is essentially “unused” in the

customary terms of land use (which relate to human use and development), the trip generation rate is zero. Therefore, the designated open space itself receives no benefit from District improvements/services and has been assigned a Land Use Factor of zero.

While those traveling the streets and roadways visually enjoy the enhanced improvements/services being maintained by the District, the actual benefit accrues to the lands at the origins and destinations of their trips, not to the lands of the streets and roadways, themselves. Accordingly, streets and roadways receive no benefit, and such parcels have been assigned a Land Use Factor of zero. Similarly, vacant and undeveloped properties have been assigned a Land Use Factor of zero. Once developed or improved, the property will be assessed based on the active land use.

### ***Benefit Factor***

The Land Use Factor described above establishes a proportionality of relative intensity of use (or potential use) for the various parcels of land within the District. It does not address the relationship of this use to the specific improvements/services to be provided by the District. This relationship is reflected in the Benefit Factor utilized in the assessment methodology. Recognizing that commercial properties receive a greater degree of benefit than the other land uses due to inherently commercial nature of many of the improvements/services provided, the following Benefit Factors (shown in **Table 3**) are proposed for use in this District:

**TABLE 3: Benefit Factors**

<b>Land Use/Zoning</b>	<b>Benefit Factor</b>
Commercial	5.0
Non-Commercial	1.0

These values are consistent with the relative amount of the total budget attributable to primarily commercial activities.

As described above, the number of EBUs assigned to each parcel in the District has been calculated based on each parcel's land use and the identified apportionment factors, as shown in the following equation:

$$\text{EBUs} = (\text{Acres or Units}) \times \text{Land Use Factor} \times \text{Benefit Factor}$$

The total Land Use Assessment assigned to each parcel in the District has been calculated based on the following equation:

$$\text{Land Use Assessment} = \text{Total EBUs} \times \text{Unit Assessment (per EBU)}$$

### Frontage Assessment

The Frontage Assessment is based on each parcel's linear frontage feet (LFF) along the improvement/service corridor. Frontage along the primary improvement/service corridors (highlighted in orange in **Figure 1**) has been distinguished from secondary (non-primary) parcel frontage.

The total Frontage Assessment assigned to each parcel in the District has been calculated based on the following equation:

$$\text{Frontage Assessment} = \text{Primary LFF} \times \text{Unit Assessment Rate (per Primary LFF)} + \text{Secondary LFF} \times \text{Unit Assessment Rate (per Secondary LFF)}$$

### Unit Assessment Rates

Unit assessment rates calculated based on the preceding factors, total annual program costs, total EBUs, and total LFF, are summarized in the **Table 4**. As it relates to the unit assessment rates for the Frontage Assessment, the level of service along the primary improvement/service corridors is estimated to be five times (5X) greater than that on the secondary corridors.

**TABLE 4: Unit Assessment Rates**

<b>Description</b>	<b>Fiscal Year 2012 <sup>(1)</sup> &amp; Maximum Authorized <sup>(2)</sup></b>
<b>Land Use Assessment</b>	
Unit Rate per EBU (Non-Commercial)	\$27.51 per EBU
<b>Frontage Assessment</b>	
Unit Rate per Primary LFF	\$2.7125 per LFF
Unit Rate per Secondary LFF	\$0.5425 per LFF

<sup>(1)</sup> Fiscal Year 2012 begins July 1, 2011 and ends June 30, 2012.

<sup>(2)</sup> Maximum authorized assessment subject to cost indexing provisions set forth in this Assessment Engineer's Report.

Based on the above factors, the EBUs, LFF, unit assessment rates, and total assessment calculated for each property, can be found in the Assessment Roll (**Exhibit C**).

## Sample Assessment Calculations

Shown below are sample assessment calculations for several common land uses found in the District.

### ■ Residential – Single-Family

*Example:* single-family home with 50' secondary frontage

EBUs = 1 unit x 1.00 x 1.00 = 1.00 EBUs

Secondary LFF = 50.00 feet

Assessment = 1.00 x \$27.51 + 50.00 x \$0.5425 = \$54.64

### ■ Residential – Condominium

*Example:* 20-unit condominium development with 75' primary frontage

EBUs (per unit) = 1 unit x 0.70 x 1.00 = 0.70 EBUs

Primary LFF (per unit) = 75.00 / 20 = 3.75 feet

Assessment (per unit) = 0.70 x \$27.51 + 3.75 x \$2.7125 = \$29.44

### ■ Residential – Multi-Family & Apartment

*Example:* 10-unit apartment complex with 75' secondary frontage

EBUs = 10 units x 0.70 x 1.00 = 7.00 EBUs

Secondary LFF = 75.00 feet

Assessment = 7.00 x \$27.51 + 75.00 x \$0.5425 = \$233.26

### ■ Commercial – Retail

*Example:* 0.15 acre retail property with 50' primary frontage

EBUs = 0.15 acres x 40.00 x 5.0 = 30.00 EBUs

Primary LFF = 50.00 feet

Assessment = 30.00 x \$27.51 + 50.00 x \$2.7125 = \$960.94

### ■ Commercial – Restaurant & Hospitality

*Example:* 0.15 acre restaurant/tavern with 50' primary frontage

EBUs = 0.15 acres x 50.00 x 5.0 = 37.50 EBUs

Primary LFF = 50.00 feet

Assessment = 37.50 x \$27.51 + 50.00 x \$2.7125 = \$1,167.26

### ■ Institutional

*Example:* 0.50 acre public health clinic with 200' secondary frontage

EBUs = 0.50 acres x 15.00 x 1.0 = 7.50 EBUs

Primary LFF = 200.00 feet

Assessment = 7.50 x \$27.51 + 200.00 x \$0.5425 = \$314.84

### ■ Vacant/Undeveloped

*Example:* 0.15 acre vacant lot with 50' secondary frontage

EBUs = 0.15 acres x 0.00 x 1.0 = 0.00 EBUs

Primary LFF = 50.00 feet

Assessment = 0.00 x \$27.51 + 50.00 x \$0.5425 = \$27.14

---

## Summary Results

The District Boundary Map is shown in **Exhibit A**.

An estimate of Fiscal Year 2012 and maximum authorized annual costs associated with District improvements/services is shown in **Exhibit B**.

The assessment methodology utilized is as described in the text of this report. Based on this methodology, the EBUs, LFF, Fiscal Year 2012, and maximum authorized annual assessments for each parcel were calculated, and are as shown in the Assessment Roll (**Exhibit C**).

Each lot or parcel of land within the District has been identified by unique County Assessor's Parcel Number on the Assessment Roll, and the Boundary Map and Assessment Diagram referenced herein.

A Noticing List containing parcel ownership and mailing address information has been prepared and is shown in **Exhibit D**.

This report has been prepared and respectfully submitted by:

EFS ENGINEERING, INC.

# **EXHIBIT C**

## ASSESSMENT ENGINEER'S REPORT ASSESSMENT ROLL

The undersigned, pursuant to the "Maintenance Assessment Districts Ordinance" (San Diego Municipal Code, Division 2, Article 5, Chapter VI, §65.0201 et seq.), the "Landscaping & Lighting Act of 1972" (California Streets & Highways Code §22500 et seq.), applicable provisions of "Proposition 218" (Article XIID of the California Constitution), and provisions of the "Proposition 218 Omnibus Implementation Act" (California Senate Bill 919) (the aforementioned provisions are hereinafter referred to collectively as "Assessment Law"), does hereby submit the following:

1. Pursuant to the provisions of Assessment Law and the Resolution of Intention, we have assessed the costs and expenses of the works of improvement (maintenance) to be performed in the Assessment District upon the parcels of land in the Assessment District benefited thereby in direct proportion and relation to the estimated benefits to be received by each of said parcels. For particulars as to the identification of said parcels, reference is made to the Boundary Map and Assessment Diagram on file in the Maintenance Assessment Districts section of the Park and Recreation Department of the City of San Diego. A reduced copy of the Boundary Map is included in the Assessment Engineer's Report as Exhibit A.
2. The Assessment Diagram included in this report shows the Assessment District, as well as the boundaries and dimensions of the respective parcels and subdivisions of land within the Assessment District, the same as existed at the time of the passage of the Resolution of Intention, each of which subdivisions of land or parcels or lots respectively have been given a separate number upon the Assessment Diagram and in the Assessment Roll (Exhibit C).
3. By virtue of the authority contained in said Assessment Law, and by further direction and order of the legislative body, we hereby make the following assessment to cover the costs and expenses of the works of improvement (including maintenance) for the Assessment District based on the costs and expenses as set forth in the Assessment Engineer's Report.

For particulars as to the individual assessments and their descriptions, reference is made to the Assessment Roll (Exhibit C) attached hereto.

DATED: April 29, 2011
