

## New Trails on Carmel Mountain and Del Mar Mesa

Please be advised that the trails approved by the City Council on Carmel Mountain and Del Mar Mesa are open for use. Maps are also posted at kiosks in the parks.

On the Del Mar Mesa map, as shown below, trails opened by the Council action are shown in black and white. Trails shown in black and red are NOT open due to private property and/or the need for Coastal Commission approval. Maps will be updated once further clearances are obtained.

For Carmel Mountain, all trails appear the same on the map and all are open.

The Council action also included biological habitat restoration on a number of areas previously used for recreational activities. Ranger staff have installed brush, signs, and fences at the access points to these locations. Please respect these access controls along with the ones installed at the Coastal Zone boundary and report any inappropriate behavior to Park Ranger staff.
