Circus Management provides in-house security guards. Management carries cell phone in case of 911 Emergency

Circus Vargas is completely self-contained. The show has a double generator system. If the main generator shuts down, the back up generator automatically turns on. A source of water is usually provided to the circus by the venue on which the circus conducts business.

Circus Vargas rents porta-potties from local sanitation companies.

Since Circus Vargas is a family show and attracts primarily families, in-house security is normally sufficient to provide appropriate crowd control. The security can use cell phones to contact local law enforcement if the need exists.
