### First Time Online Customers

Click the Create Account\*\*\* button. Fill out the New Account Request form completely for the primary responsible person, usually a parent or head of household, including all required fields, (birth date, gender, email address, etc.) and click Submit (or Submit & Add Family Member to add your other family members). In a short time, check your email for a confirmation message with a special first-time activation link. You will not be able to use your new account until you've used this special link! Note that it's possible this email will go to your "spam" folder, so check carefully. To avoid duplication, be sure to let others in your household know you've set up the account.

\*\*\*Important Note\*\*\* If you are registering a child for an activity, please use your own information, not your child's, when first completing the New Account Request form. Once you have filled it out for yourself, click "Submit," or "Submit & Add Family Member" to add others such as your spouse and children. You can also easily add children later after you've created and confirmed the account. Be sure to check your email for a confirmation message with a special first-time activation link. You will not be able to use your new account until you've used this special link!

### Returning Customers (who have previously registered for classes online)

Click the My Account button. Enter your login (email address) and password.

If you've forgotten your password, click *My Account*, and then click the small "Forgotten?" link. Enter the email address you used when you created the account and the system will send you a temporary password via email. Log in with the temporary password and the system will prompt you for your "Current password" - which means the temporary password in this case - and a new password of your choice. Be sure to click Save!

If you need help, please click the [FAQs](#) (Frequently Asked Questions) button in the online registration page for information.
