SUBJECT: W. LEWIS STREET TENTATIVE MAP, PROJECT NO. 44043
SCHEDULED FOR APRIL 7, 2005, PLANNING COMMISSION

The W. Lewis Street Tentative Map project was originally scheduled for the Planning Commission docket of March 17, 2005. Due to the applicant's error in the distribution of the complete staff report to the tenants 72 hours prior to the scheduled hearing date, a continuance was granted by the Planning Commission to the new docket date of April 7, 2005.

The applicant had inadvertently provided an incomplete copy of the staff report to each tenant 72 hours prior to the hearing date of March 17, 2005. A copy of the complete staff report was distributed to each tenant on March 16, 2005, however, the required 72 hour time frame would not have been met for the originally scheduled hearing date of March 17, 2005. The original Planning Commission Report No. PC-05-077s being redistributed for this hearing and no revisions have been made.
