

**DATE ISSUED:** March 31, 2005

**REPORT NO. PC-05-087**

**ATTENTION:** Planning Commission, Agenda of April 7, 2005

**SUBJECT:** 4840 W. MOUNTAIN VIEW DRIVE TENTATIVE MAP - PROJECT  
NO 50989, PROCESS FOUR

**OWNER/  
APPLICANT:** Eric and Yvonne Hingeley  
Archstone Management Consultants

**SUMMARY**

**Issue(s):** Should the Planning Commission approve a Tentative Map for the conversion of ten (10) existing residential apartment units into condominiums and waive the requirement to underground existing overhead utilities at 4840 W. Mountain View Drive, in the RM-2-5 Zone of the Central Urbanized Planned District, within the Normal Heights Neighborhood of the Mid-City Communities Plan area?

**Staff Recommendation:**

1. **Approve** Tentative Map No. 153408; and
2. **Approve** waiver to the requirement for the undergrounding of existing overhead utilities.

**Community Planning Group Recommendation:** On December 7, 2004, the Normal Heights Community Planning Committee approved this project on their consent agenda, with no conditions, by a vote of 12-0-1 (Attachment 7).

**Environmental Review:** This project is exempt from environmental review pursuant to Article 19, Section 15301(k), Existing Facilities, of the California Environmental Quality Act (CEQA).

**Fiscal Impact:** None associated with this action. All costs associated with the processing of this project are paid by the applicant

**Code Enforcement Impact:** None with this project.

**Housing Impact Statement:** With the proposed conversion of 10 existing apartments to condominiums, there would be a loss of 10 rental units and a gain of 10 for-sale units. This condominium conversion project was deemed complete on October 21, 2004, and is therefore subject to the new regulations regarding inclusionary housing and tenant relocation assistance. The project has been conditioned to require the subdivider to pay an Inclusionary Affordable Housing In-Lieu Fee of \$11,662, based on a \$1.75 fee per residential square foot, pursuant to the Affordable Housing Requirements of the City's Inclusionary Housing Ordinance.

## **BACKGROUND**

The 0.24-acre site is located at 4840 W. Mountain View Drive (Attachment 1), between Copley Avenue and Collier Avenue, RM-2-5 Zone of the Central Urbanized Planned District, within the Normal Heights Neighborhood of the Mid-City Communities Plan (Attachment 3). The site is presently developed with a two-story structure containing six, one-bedroom units and four, two bedroom units. There are 14 open parking spaces provided onsite, all of which are located behind the structure and are accessed from the alley. The parking provided conforms with the requirement for 14 spaces that was in effect when the project was constructed in 1975. The project is surrounded by multi-family development to the north, east and south and single-family development to the west.

The site was incorporated into the RM-2-5 Zone in October 2000. The site was zoned R-3A when the structure was built in 1975. Under current standards, seven units could be built on the subject property. While the existing 10-unit project exceeds the current density standard of one unit per 1,500 square feet of lot area, the project has previously conforming rights, to be maintained as outlined in Chapter 12, Article 7, Division 1 of the Land Development Code. The development complies with the zoning and development regulations in effect at the time of construction and no Building or Zoning Code violations have been recorded against the property.

## **DISCUSSION**

### **Project Description:**

The project proposes a Tentative Map for the subdivision of a 0.24-acre site to convert 10 existing dwelling units into condominiums (Attachment 5). The applicant is also requesting that the requirement for the undergrounding of the existing overhead utilities be waived.

Section 125.0410 of the San Diego Municipal Code (SDMC) requires that a Tentative Map be processed for the subdivision of land. According to SDMC Sections 125.0440 and 125.0444, *Findings for Tentative Maps and for Condominium Conversions*, the decisionmaker may approve a Tentative Map for the purposes of the conversion of residential property into a condominium project if the decisionmaker finds that the proposed conversion complies with the requirements of the Subdivision Map Act and the San Diego Municipal Code. Staff has reviewed the proposed condominium conversion and determined that it complies with both the Subdivision Map Act and the San Diego Municipal Code.

### Undergrounding Waiver Request

San Diego Municipal Code Section 144.0240 allows the subdivider to apply for a waiver from the requirement to underground the existing overhead utilities within the boundary of the subdivision or within the abutting public rights of way. City staff has determined the undergrounding waiver request qualifies under the guidelines of Council Policy 600-25, *Underground Conversion of Utility Lines at the Developer's Expense*, in that the conversion is a requirement of a condominium conversion of an existing development and the conversion involves a short span of overhead facilities less than a full block in length and the conversion would not represent a logical extension to an undergrounding facility. The applicant would be required to underground any new service run to any new or proposed structures within the subdivision per Condition No. 4 of the draft Tentative Map resolution (Attachment 6).

The site is served by two existing power poles and overhead utility lines, one located at the front of the property and other located at the rear of the property. Each of the power poles serve multiple properties and neither is located on the subject site. The City's Undergrounding Master Plan for Fiscal Year 2004 designates the site within Block 3BB, which is proposed to be undergrounded in Fiscal Year 2007 (Attachment 10).

### **COMMUNITY PLANNING GROUP RECOMMENDATION**

On December 7, 2004, the Normal Heights Community Planning Committee voted to approve the project on their consent agenda, by a vote of 12-0-1, with no conditions.

### **PROJECT-RELATED ISSUES**

The requested conversion of these residential units to condominiums represents primarily a change in ownership. The applicant has certified that the required 60-day Notice of Intent to Convert to Condominiums was provided to the tenants on April 2, 2004 (Attachment 11).

All condominium conversion projects Deemed Complete on or after February 7, 2004 must conform with the new regulations regarding inclusionary housing and tenant relocation benefits adopted by the City Council on March 15, 2004. This proposed project was Deemed Complete on October 25, 2004, and is therefore subject to these new regulations. With their application submittal, the applicant has indicated their decision to pay the in-lieu fee to satisfy these requirements as allowed by these regulations. The project has been conditioned to require the subdivider pay an Inclusionary Affordable Housing In-Lieu Fee of \$11,662, based on a \$1.75 fee per residential square footage, pursuant to the Affordable Housing Requirements of the City's Inclusionary Housing Ordinance (Chapter 14, Article 2, Division 13 of the Land Development Code), and demonstrate conformance with the Municipal Code provisions for Tenant Relocation Benefits (Chapter 14, Article 4, Division 5), to the satisfaction of the City Manager and the Housing Commission, prior to the recordation of the Final Map.

## **CONCLUSION**

Staff has reviewed the request for a Tentative Map for the conversion of 10 residential units into condominiums and the request to waive the requirements of the undergrounding of existing overhead utilities, and has found the project to be in conformance with the applicable sections of the San Diego Municipal Code regulating Tentative Maps and Council Policy 600-25 regulating undergrounding of existing overhead utilities. Staff believes the required findings can be supported and recommends the Planning Commission approve the project as proposed.

## **ALTERNATIVES**

1. **Approve Tentative Map No. 153408, with modifications.**
2. **Deny Tentative Map No. 153408, if the findings required to approve the project cannot be affirmed.**

**Respectfully submitted,**

---

**Marcela Escobar-Eck**
