

**Proposed Residential Zones  
for Barrio Logan Community**

<b>Zone</b>	<b>Additional Characteristics</b>	<b>Density (du/ac)</b>	<b>Minimum Lot Area (sq.ft.)</b>	<b>Maximum Height (ft.)</b>	<b>Commercial Allowed</b>	<b>FAR</b>	<b>Land Use Designation</b>
<b>RX Zones</b>	Provide for both attached and detached <i>single dwelling units</i> on smaller <i>lots</i> than are required in RS zones. Provide an alternative to <i>multiple dwelling unit developments</i> where <i>single dwelling unit developments</i> could be developed at similar densities. Provides for a wide variety of residential <i>development</i> patterns.						
RX-1-2	Single dwelling units	14	3,000	30	---	0.80	Residential – Low Medium
<b>RT Zones</b>	Provide for attached, single-dwelling unit residential <i>development</i> on small <i>lots</i> with <i>alley</i> access. These zones provide for more urbanized, single-unit living at densities typical of multiple-unit zones. Provide transition opportunities between single-unit neighborhoods and higher <i>density</i> multiple-unit neighborhoods and may replace multiple-unit zones at similar densities. Intended to be applied on subdivided blocks with <i>alleys</i> that are within or close to highly urbanized areas, <i>transit areas</i> , and redevelopment areas						
RT-1-5	No Common wall construction	29	1,600	35 <sup>1</sup>	---	1.20/1.60 (1&2sty/3sty)	Residential - Medium
<b>RM Zones</b>	Provide for <i>multiple dwelling unit development</i> at varying densities. The RM zones individually accommodate <i>developments</i> with similar densities and characteristics. Each of the RM zones is intended to establish <i>development</i> criteria that consolidates common development regulations, accommodates specific dwelling types, and responds to locational issues regarding adjacent land uses.						
RM-2-5	Multiple dwelling units	29	6,000	40	---	1.35	Residential Medium
RM-3-7	Multiple dwelling units with limited	44	7,000	40	Yes <sup>2</sup>	1.80	Residential High
RM-3-9	commercial	73		60		2.70	

<sup>1</sup> Thirty-five feet is based on raised floor in 3-story structure. Height lessens with slab floor and with two story structure.

<sup>2</sup> Current regulations - only in mixed-use development of 25 du or more; ground floor only; and a maximum of 25% of the GFA of the ground floor.

Provide a footnote in the development table to refer to a new section that is **specific to Barrio Logan** that allows

- Commercial on 100% of ground floor,
- On ground floor only, and
- Does not have a unit threshold prior to commercial development.

**Proposed Commercial and Industrial Zones  
for Barrio Logan Community**

<b>Zone</b>	<b>Purpose of Zone</b>	<b>Density (du/ac)</b>	<b>Min. Lot Area (sq.ft.)</b>	<b>Max. Height (ft.)</b>	<b>Max. FAR</b>	<b>Residential Allowed</b>	<b>Land Use Designation</b>
<b>CN Zones</b>	Provide residential areas access to a limited number of convenient retail and personal service uses. Intended to provide areas for smaller scale, lower intensity <i>developments</i> that are consistent with the character of the surrounding residential areas. May include residential <i>development</i> . CN zones will be primarily located along local and selected collector <i>streets</i> .						
CN-1-3	<i>Development</i> with a pedestrian orientation	29	5,000 (max. 10 ac)	30	1.0/1.75	Yes	Neighborhood Commercial
CN-1-4	<i>Development</i> with a pedestrian orientation	44	5,000 (max. 10 ac)	60	1.0/2.2	Yes	
<b>CO Zones</b>	Provide areas for employment uses with limited, complementary retail uses and some allow medium to high <i>density residential development</i> . Apply in larger activity centers or in specialized areas where a full range of commercial activities is not desirable.						
CO-2-1	Office uses with a neighborhood scale and orientation with no residential use	---	5,000	45	0.75	No	Office Commercial
CO-2-2	Office uses with a neighborhood scale and orientation with no residential use	---	5,000	60	1.5	No	
<b>CC Zones</b>	Accommodate community-serving commercial services, retail uses, and limited industrial uses of moderate intensity and small to medium scale. Provide for a range of <i>development</i> patterns from pedestrian-friendly commercial <i>streets</i> to shopping centers and auto-oriented strip commercial <i>streets</i> . Some CC zones allow residential <i>development</i> . Primarily located along collector <i>streets</i> , major <i>streets</i> , and public transportation lines.						
	CC-2 - allows community-serving uses with no residential uses						
CC-2-1	<i>Development</i> with strip commercial characteristics	---	5,000	30	.75	No	Community Commercial – Residential Prohibited
CC-2-3	<i>Development</i> with an auto orientation	---	5,000	45	1.5	No	Community Commercial – Residential Prohibited
	CC-3 - allows a mix of pedestrian-oriented, community serving commercial uses and residential uses						
CC-3-4	<i>Development</i> with a pedestrian orientation and community serving commercial uses	29 <sup>(1)</sup>	2,500	30	1.5	Yes	Community Commercial – Residential Permitted

Zone	Purpose of Zone	Density (du/ac)	Min. Lot Area (sq.ft.)	Max. Height (ft.)	Max. FAR	Residential Allowed	Land Use Designation
CC-3-6	<i>Development</i> with a pedestrian orientation with a high residential density	44	2,500	45	1.5	Yes	Community Commercial – Residential Permitted
	CC-5 - allows a mix of heavy commercial and limited industrial uses and residential uses. Light manufacturing allowed only within an enclosed building no greater than 7,500 square feet. Activities requiring permit from Hazardous Materials Management Division of County or SD Air pollution Control District are not permitted.						
CC-5-4	<i>Development</i> with a pedestrian orientation	29 <sup>(1)</sup>	2,500	30	1.5	Yes <sup>1</sup>	Community Commercial – Residential Permitted <sup>1</sup>
<b>IH Zones</b>	Provide space for land-intensive industrial activities emphasizing base-sector manufacturing. Intended to promote efficient industrial land use with minimal <i>development</i> standards, while providing proper safeguards for adjoining properties and the community in general. It is the intent of these zones to limit the presence of nonindustrial uses in order to preserve land that is appropriate for large-scale industrial users.						
IH-1-1	Primarily manufacturing uses	---	30,000	---	2.0	No	Heavy Industry
IH-2-1	Manufacturing uses with some office	---	30,000	---	2.0	No	Heavy Industry
		<b>Proposed Amendment</b>					
Parking Impact Overlay Zone	Provide supplemental parking regulations for coastal, beach, and campus areas that have parking impacts	The Beach Impact Area of the Parking Impact Overlay Zone currently applies to the entire Barrio Logan Community Plan Area. The proposal would reduce it to apply to only the portion of the community that is west of Harbor Drive. As a result the parking requirements will be reduced below the standard Citywide parking.					
Categorical Exclusion	Exempts qualified projects from requirement to Process a Coastal Development Permit	Projects generally located within the Village (see figure__) that <ul style="list-style-type: none"> <li>• comply with the development regulations of the base zone,</li> <li>• are consistent with the Barrio Logan Community Plan (LCP)</li> <li>• require not other discretionary permit</li> </ul> are exempt from the requirement to process a Coastal Development Permit.					

<sup>1</sup> The Barrio Logan Community plan will prohibit residential uses in the CC-3-4 and CC-5-4 zones.

**§131.0540 Maximum Permitted Residential Density and Other Residential Regulations**

The following regulations apply to all residential *development* within commercial zones in the Land Development Code:

- (a) Residential *Development* as a Permitted Use. Residential *development* is permitted in commercial zones only where it is identified in Table 131-05B.
- (b) Mixed-Use or Multi-Use Requirement. Residential *development* is permitted only when a commercial *structure* exists on the *premises* or is a part of the proposed *development*.
- (c) N/A- in Barrio Logan due to Coastal requirement in (f) below.
- (d) Residential *Development*. Where residential *development* is permitted, the development regulations of the RM-1-1, RM-2-5, and RM-3-7 zones as appropriate according to the maximum permitted residential *density* apply, except that the lot area, lot dimensions, *setback*, *floor area ratio*, and *structure height* requirements of the applicable commercial zone apply.
- (e) Non owner occupants must reside on the premises for a minimum of 7 consecutive calendar days.
- (f) Within the Coastal Overlay Zone, residential uses are not permitted on the ground floor.

DRAFT
