Encanto Neighborhoods Planning Group Members

**SUBJECT: ENCANTO NEIGHBORHOODS COMMUNITY PLAN UPDATE
RESPONSE TO COMMENTS MATRIX**

Dear Planning Group Members,

Thank you for providing comments and recommendations on the Encanto Neighborhoods Community Plan Update. Staff sincerely appreciates the time you have taken to review the plan and prepare comments. Staff have carefully reviewed and evaluated all of the correspondence and comments received. The attached Response to Comments Matrix was prepared to provide additional information and to address the concerns generated during the comment period.

Staff is finalizing the incorporation of community and planning group comments into the draft community plans and completing refinements to the draft land use map and zoning program. Staff will continue to work with the community on developing the Encanto Neighborhoods Public Facilities Financing Plans (PFFP), and reviewing the program environmental impact report (PEIR). At the completion of the draft PEIR, the community plan update will be presented to the Planning Commission for a recommendation and ultimately to City Council for approval.

In closing, thank you again for your input. If you have any further questions, please feel free to contact me at 619-236-6006 or at LGates@san-diego.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read "Lara Gates".
