To the Community Planners Committee:

On November 14th, 2011 the San Diego City Council held a Regulatory Relief Day hearing "to hear about specific rules and regulations that are inhibiting the growth of San Diego's businesses."

In January 2012 the Economic Development and Strategies (ED&S) Committee held its first meeting where Committee members reviewed the suggestions that were submitted and voted to form a working group to review and provide feedback on the suggestions submitted.

In its comments to the Committee, the working group recommended that Suggestion #27, Part 4 be referred to the Community Planners Committee. The suggestion follows below:

Suggestion #27, Part 4: Rework the criteria for being a member of the Community Planning Groups to ensure more diversity of viewpoint

A copy of the "2011 Regulatory Relief Day" matrix is available online from the agenda of the April 30th, 2012 Economic Development and Strategies Committee meeting. Please see page 7 of 15 of the Working Group Matrix located under Item #4. The agenda is available at: http://docs.sandiego.gov/ccagenda_edse120430.pdf.

Sincerely,

Sherri S. Lightner
Chair, Committee on Economic Development and Strategies
