

# Walk Audit Tool

## Linda Vista Comprehensive Active Transportation Strategy (CATS)

Thank you for joining us on the community walk audit in support of the Linda Vista Comprehensive Active Transportation Strategy (CATS)! Use the toolbox and accompanying map to identify and record Linda Vista walking concerns. Public input is vital to understanding the pedestrian issues faced in Linda Vista.

### INSTRUCTIONS

This walk audit tool provides examples and descriptions of common obstacles that pedestrians may encounter. Please review these examples to help identify similar barriers to walking in your community. Use the attached map and legend to mark issues and/or needed improvements at specific locations.
