

City of San Diego

General Plan Housing Element Update Public Workshop

Friday, March 9th 3~5PM

Mission Valley Library

Community Room

2123 Fenton Parkway

The City of San Diego is inviting the public to participate in a workshop to discuss the Update to the General Plan's Housing Element. The Housing Element establishes specific goals, policies, and objectives relative to the provision of housing across the City of San Diego. It must be updated periodically to respond to the changing housing needs of the City, and to establish an action plan to address these needs. The public's input will aid staff in identifying housing issues and opportunities important to the community.

The public is strongly encouraged to attend and actively participate in the General Plan Housing Element Update process. For more information concerning the Housing Element Update, please visit the Housing Element Update website. Meeting notices and agendas will be posted on the website prior to the meetings.
