Boardmember Marrone is concerned about the demolition of Windermere cottage and would like to see the Policy subcommittee review integrity thresholds as they pertain to homes that are a 100 years or older under Criterion C for architecture and Criterion A for cultural significance, with the understanding that these homes will undergo a lot of changes over the years, and review how the State Office of Historic Preservation reviews these homes.

Boardmember Berge asked if the demolition of Windemere Cottage violated CEQA.

**Board Discussion:**

Boardmember Curry mentioned the need to look at industrial buildings differently from houses relative to aesthetics; building can be used as industrial or a warehouse. It has the characteristics of a light industrial building; integrity does not mean it has to look nice. We have to protect these resources as they are important to our history and history does not have to be beautiful. This building has all of the elements of integrity and is in good condition.

Boardmember Woods thought the addendum was really clear and agrees with Staff's recommendation. Not sure how they can justify designated under Criterion A.

Boardmember Baksh agrees with Boardmember Woods and supports Staff's recommendation.

Boardmember Marrone wants to hear what other Boardmembers have to say.

Chair Lemmo agreed that the addendum was excellent and is glad that they sent it back for further information. He thinks that this is an interesting building, but does not think that it reaches the level of distinction to merit designation. He supports Staff's recommendation.

Vice - Chair Garbini thinks that it is a good example of light industrial warehouse and has retained its integrity of architectural style and setting. It is still very close to railroad and development and redevelopment of the warehouse district. She supports designation.

Boardmember Bethke agrees that history doesn't have to be beautiful, but the statement of significance is still lacking. Not sure that this rises to the level of significance for designation, he supports Staff's recommendation.

Boardmember Berge stated that the Boards designation guidelines don't require a building to be distinguished or unique but that it does need to be important within its historic context and needs to be significant. Documentation supports the building as a significant resource; form is warehouse building type and function is light industrial use.

Boardmember Silvas reiterated his comments from the previous hearing "I think this is an important historical building."

Boardmember Berge wanted to add that this is a good example of the type of building with mixed uses that were allowed in this area of town by the City's first zoning ordinance, which is why it is significant.

**BOARD ACTION:**

**MOTION BY BOARDMEMBER BERGE TO DESIGNATE ITEM 5 – CHARLES T. WILLIS BLACKSMITHS SHOP UNDER CRITERION C AS A REPRESENTATIVE EXAMPLE OF THE MID-1920'S WAREHOUSE BUILDING TYPE WITH A LIGHT INDUSTRIAL USE OF SPACE THERE BY BEING A TYPE OF CONSTRUCTION. THE RESOURCE IS A VERY GOOD EXAMPLE OF THE TYPE OF BUILDINGS WITH MIXED USES THAT WERE ALLOWED IN THIS AREA OF TOWN BY THE CITY'S FIRST ZONING ORDINANCE IN 1923. THE RESOURCE RETAINS A VERY GOOD LEVEL OF INTEGRITY FROM ITS PERIOD OF SIGNIFICANCE CIRCA ITS 1925 CONSTRUCTION DATE. THE RESOURCE EMBODIES THE CHARACTER DEFINING FEATURES OF ITS CONSTRUCTION TYPE IN BOTH FORM AND FUNCTION BY BEING UTILITARIAN FACILITY WITH FUNCTIONAL SPACES. IN PARTICULAR THE ONE-STORY BUILDING EXHIBITS A RECTANGULAR SHAPE WITH A ROUNDED ROOF FRAMED WITH BOWSTRING TRUSSES FOR INTERIOR HEIGHT, AND VARIES OPENINGS FOR LIGHT AND ACCESS INCLUDING**

**GARAGE BAYS TO THE INTERIOR. THE EXTERIOR IS CONCRETE BLOCK AND BRICK, WHICH AT THAT TIME WITH A CONCRETE FLOOR ADDED FIRE SAFETY. ARCHITECTURAL STYLISTIC INFLUENCES AS EXPECTED WERE SECONDARY; SUCH AS SIMPLIFIED NEO-CLASSICAL DETAILS IN THE BRICK MASONRY AT WINDOWS AND THE CORNER OF THE FRONT FAÇADE. THE EXTERIOR BRICK WALLS ALSO FORM A STEPPED PARAPET IN THE FRONT AND THESE BRICK WALLS SERVE AS A BACKGROUND FOR THE ORIGINAL SIGNAGE FOR THE BLACKSMITH SHOP, SHOWING ITS ORIGINAL FUNCTION. THIS FINDING IS FURTHER SUPPORTED BY THE INFORMATION IN THE STAFF REPORT, HISTORICAL RESEARCH REPORT FROM THE CONSULTANT AND THE WRITTEN AND ORAL EVIDENCE PRESENTED DURING THE DESIGNATION HEARING TODAY.**

Staff Report by Kelley Stanco

**Testimony Received:**

In Favor: Marie Burke Lia, Lawrence Slayen

In Opposition: Bruce Coons

**Board Discussion:**

Boardmember Silvas likes the building and would like to see more of the changes that we are talking about; with the photographs he sees it looks pretty historic.

Boardmember Berge thinks this is an interesting building and retains form. She has problems with its integrity; the second story change is disturbing.

Boardmember Bethke mentioned that when reading the report he was very impressed with building itself and thought it had potential as resource, and then he got on the site and was presented with the fact that this was a garage and inherently does not have the integrity that it needs to have for historical significance and designation.

Vice - Chair Garbini does not think the changes to the storefronts are an issue, landmark that would be missed if lost.

Chair Lemmo loves the brickwork and the building, but the change to two stories was major and it does not reach the level of significance for designation.

Boardmember Marrone thinks it would be great to see adaptive re-use project with this building. It does have some of the changes with windows and being more of a storefront in the more recent years and agrees significance is the brick detailing. Original form is still there.

Boardmember Baksh thinks that the alterations are significant and it has lost integrity.

Boardmember Woods agrees with the previous four Boardmember comments.

Boardmember Curry thinks the alterations are reversible and we should not use the same standards that we use for houses. It should be preserved; use of brick and architecture is significant.

Today's Action: Designate the property as a historical resource under adopted designation criteria, or do not designate.

**Board Discussion:**

Boardmember Curry thinks that there are a lot of changes and more visuals of what changes have occurred would help.

Boardmember Woods supports the Staff recommendation, does not feel that the integrity is there. The addition is very large and very visible from the street. Even if we just focus on the original bungalow with the enclosure of the porch and changing of the landscaping, it doesn't convey the feeling of a Craftsman bungalow any longer.

Boardmember Baksh agrees that the modifications are pretty significant, he supports the Staff recommendation.

Boardmember Marrone agreed that there have been changes, but it is over 100 years old. Could there be consideration taken because we did see a transition over architectural history where people were enclosing their porches as they just weren't needed as people used them more in the earlier years.

Chair Lemmo is on the fence, he likes the home.

Boardmember Garbini thinks that it retains the character of original structure, you still see the roofline and yes you can see where the newer construction is on it. Porches get enclosed over time. Wanted to know what the original siding on the building was.

Boardmember Bethke agrees with Staff's recommendation.

Boardmember Berge thinks the enclosed porch and lack of certainty about siding is a problem. She cannot support designation today. It needs additional information and research; it has to be placed within its importance in La Jolla and the beach cottages.

Boardmember Silvas agrees that more visuals would help, as it has been significantly changed (windows in the back).

**BOARD ACTION:**

**MOTION BY CHAIR LEMMO TO DESIGNATE ITEM 8 – JASON AND JENNIE RUTHERFORD AS A HISTORICAL RESOURCE WITH A PERIOD OF SIGNIFICANCE OF C.1906 UNDER HRB CRITERION C INCLUDING, ONLY THE ORIGINAL PROPERTY CONSTRUCTED C.1906 AND NOT PORTIONS OF THE HOME CONSTRUCTED THEREAFTER BASED ON THE FOLLOWING FINDING: THE RESOURCE EMBODIES THE DISTINCTIVE CHARACTERISTICS THROUGH THE RETENTION OF CHARACTER DEFINING FEATURES OF THE CRAFTSMAN COTTAGE STYLE AND RETAINS INTEGRITY FROM ITS PERIOD OF SIGNIFICANCE.
