### **ITEM 2 - PUBLIC COMMENT**

None.

### **ITEM 3 - ADMINISTRATIVE ITEMS**

#### **A. BOARD ADMINISTRATIVE MATTERS AND GENERAL INFORMATION**

- **Absences:**

Chair Emme notified staff that he had to be out of town related to his military service and would not be able to attend the meeting. Boardmember Silvas advised staff he is attending the California Indian Awareness Conf. at Cal State San Bernardino and would arrive late to the meeting.

- **Other General Information:**

Contents of "Blue Folders" were copies of emails received on Item 15, the T. Claude Ryan House and copies of the May and August Minutes.

- **General Board Member Comments:**

None

#### **B. CONFLICT OF INTEREST DECLARATIONS**

- **Conflict of Interest:**

Boardmember Marshall recused himself from Items 5 and 6. His firm has a business relationship with the applicants. Vice Chairperson Schaefer recused himself from Item 5. His firm has been consulting with the applicant on that project.

**Ex Parte Communications:**

None.

- **Failure to visit designation sites (including interiors proposed for designation)/invocation of waiver:**

Boardmember Burnett was unable to visit Item 15. Scott Moomjian addressed the Board to express concern that some Boardmembers may not have had an opportunity to visit the site and that there is a limited number of Boardmembers present at the hearing. Mr. Moomjian asked the Board to grant a site visit waiver for those Boardmembers who were unable to visit the site before considering Item 15 today. Vice Chairperson asked Ms. Winterrowd to read into the record the conditions for waivers of the site visit.

Boardmember Marshall noted that on Item 15, staff is recommending designation for association with T. Claude Ryan, rather than for architecture, which means that the

physical appearance of the building is less important. Mr. Marshall continued, if, on the other hand, the applicant wants to pursue designation under Criterion C, that may be a case where seeing the building in person is going to make a difference.

Boardmember Burnett said the report is put together well and provides photographic information which provides an understanding of the site. The information in the report is sufficient to for her to consider and act on the item.

Boardmember Marshall moved to grant Ms. Burnett a site visit waiver for Item 15. The motion was seconded by Boardmember Berge. The motion was approved 6-0-1. Boardmember Burnett abstained.

## **C. STAFF REPORT**

### **Announcements:**

- a. Another staff retirement is just around the corner. Mike Tudury will be leaving us after 20 years of service to the citizens of San Diego, about half of those years working directly with the Historical Resources Board. His last Board meeting will be October 25<sup>th</sup> we will be marking this very special occasion with a goodbye celebration. So plan on joining us to wish Mike a fond farewell next month.
- b. The Board currently has two vacancies and two other Board members, Ms. Burnett and Ms. McNeely, have reached their 8-year limit and cannot be reappointed. The Mayor's Director of Appointments wants everyone to know she is working to fill all of these positions as soon as possible and hopes we can be patient a little longer. She has also requested all Boardmembers to be especially diligent in attendance.
- c. The planned HRB Annual Retreat scheduled for earlier this month had to be rescheduled due to Boardmember conflicts and staffing vacancies. A new date and venue will be announced as soon as the retreat is rescheduled.
- d. Next DAS meeting will be held on Wednesday, October 3, 2007
- e. The next Policy Subcommittee meeting will be held on Monday, October 8, 2007.
- f. The next Archaeology Subcommittee meeting will be held on Monday, November 10.

Boardmembers will note today's agenda includes one referral from Development Services and one referral from CCDC, six individual homeowner nominations, a determination of consistency with the Secretary of the Interior's Standards, one development permit review, and an amendment to the Burlingame historic district. There remain 36 individual homeowner nominations submitted in 2006 waiting to be reviewed by staff and brought forward for designation. At this point in time, it seems clear that all of these nominations will not be heard by the Board this calendar year.

**ACTION ITEMS**

**ITEM 5 – 777 BEECH STREET**

Applicant: Peter Janopaul, referred from the City Centre Development Corporation

Location: 777 Beech Street, Centre City Community, Council District 2

Description: Consider the proposed project relative to the Secretary of the Interior's Standards for Rehabilitation (the Standards)

Today's Action: Determination of consistency with Secretary of the Interior's Standards

Staff Recommendation: Find that the proposed 777 Beach Street project is consistent with the U.S. Secretary of the Interior's Standards for Rehabilitation with respect to the adjacent, historically designated El Cortez building, located at 702 Ash Street. The specific Standards for Rehabilitation that apply to the proposed new structure are Standards 2, 9 and 10.

Report Number: HRB-07-066

Staff Report by Mike Tudury.

**Open public testimony**

In Favor: Michael Zucchet, Scott Maas.

In Opposition: Robert Otilie, Boyd and Rita Collier, Anne Porter, Barry and Debbie Bruins, Carol Marino, Stella Croker, Kathy Casey, Vern Miller, D. M. Coates and Robert Wood.

**BOARD DISCUSSION:** Boardmember Eisenhart stated that the proposed building respected the El Cortez in terms of height, mass and scale and is appropriate for an adjacent development. Prohibiting development on the site or limiting development to what was present in 1927 is not consistent with how the Board views other resources in terms of application of the U.S. Secretary of the Interior's Standards and the Historic Resources Regulations. The reduction in mass from the previous proposal and the use of complimentary materials is an improvement. The project is consistent with the Standards, especially in regard to Standards 2 and 9. Boardmember Curry supported staff's recommendation. While she understands the community's concern, the project must be reviewed consistent with the Board's actions on projects City-wide; and the project is consistent with the Standards. Boardmember Berge stated that she is having difficulty gauging whether or not the project is compatible enough with the El Cortez. Boardmember Eisenhart responded that the project is an abstract representation of the El Cortez, picking up on the general form and fenestration rhythm, but utilizing a rounded form which reduces the massing in a deferential manner. Boardmember Silvas would like to see the project reduced by 4-5 floors. He expressed concern regarding the views from the north and Balboa Park.

**BOARD ACTION:** Boardmember Curry moved to support Staff recommendation on Item 5. The motion was seconded by Boardmember Eisenhart. The motion was approved 5-1-0. Boardmember Silvas was opposed. Boardmembers Marshall and Schaefer recused themselves earlier and Ms. Burnett served as Chair.

**Open public testimony**

In Favor: Bruce Coons

In Opposition: John Edwards and Jennifer Ayala.

**BOARD DISCUSSION:** Boardmember Eisenhart said the structural deficiencies are to be expected for the age of the buildings and many character defining features and materials remain. Boardmember Burnett strongly supported staff recommendation and encouraged the qualified professionals associated with this project to immediately rehabilitate this structure, as a valuable component to the community. Boardmember Curry was in agreement with the comments made by Bruce Coons and expressed support for staff recommendation for designation. Boardmember Berge said this is a very rare example, a survivor of the Victorian period in San Diego, and she is in full support of Staff recommendation. Boardmember Schaefer said he was in strong support of staff recommendation and especially maintaining the character-defining elements, even if it ends up only HABS mitigation, but if we don't designate them, we don't get any preservation element.

**BOARD ACTION:** Boardmember Eisenhart moved to designate both properties per staff recommendation. The motion as second by Boardmember Curry. The motion failed 5-1-1. Boardmember McNeely was opposed. Boardmember Marshall recused himself.

- Find that the proposed amendment is consistent with adopted HRB Policy 4.1 and LDC Section 123.0205, and direct staff to docket the Burlingame district amendment for a second HRB hearing to change the district type to a Geographic/Traditional Historical District and to designate the remaining contributing resources.

If the Board cannot find that the amendment is consistent with adopted HRB Policy 4.1 or LDC Section 123.0205, it should be returned to staff with direction.

Report Number: HRB-07-069

Staff Report given by Cathy Winterrowd.

**Open public testimony**

In Favor: Vickie Granowitz, Rick Hardy, Betty Baill, Steve Saars, Bruce Coons and Connie diGirolamo.

In Opposition: None.

**BOARD DISCUSSION:**

**2404 32<sup>nd</sup> Street** - Boardmembers Berge, Marshall and Eisenhart expressed concerns with modifications to the porch, which dominate the otherwise simple structure.

**2406 Dulzura Avenue** - Boardmember Berge expressed concerns with the aluminum, side windows on the corner lot not meeting the Secretary of Interior's standards. Vice Chair Schaefer said this property retains most of the character-defining features and he does not believe the windows effect the property as a contributor. Boardmember Marshall agreed with Schaefer that the windows are not enough to remove the property from the list. Eisenhart expressed concerns with the porch addition.

**3178 Maple Street** - Boardmember Marshall said the owners completed what we asked them to on the canopy and he believes the house is now more representative of the way it was originally constructed; he supports it on the contributing list. Owner, Penelope Olds, said she replaced the glass louver windows with wood frame windows that matched the original windows in the back of the house, which was her only point of reference.

**2404 San Marcos Avenue** - Boardmember Berge expressed concerns with the stucco on this corner home, the second story addition and the front door. Ms. Berge is not in favor of designation under status code 5B. Boardmember Marshall also expressed concerns with the second story and the level of alteration. Mr. Marshall requested additional information on this property before designation.

**2455 San Marcos Avenue** - Boardmember Berge expressed concerns with what she believed to be a porch enclosure. Boardmember Eisenhart believed the additions may date to the 1930's and stated that review of Sanborn Maps would be helpful in understanding modifications to the property. Boardmember Marshall expressed concerns with the location of the front door and the dormers. Boardmembers Eisenhart, Marshall and Schaefer expressed concerns over the extensive wrought iron fencing.

**3016 Laurel Street** - Boardmember Berge questioned whether the stucco texture was appropriate for a potentially individually significant resource, and the use of status code 5B. Ms. Winterrowd said the status code for 5B would not result in the designation of the site as an individually significant resource; and that the 5B status code simply indicates that the site may be found to be individually significant, pending further analysis and review by the Board. The Board's action today would be limited to a contributing resource designation.

**3061 Kalmia** - Boardmember Marshall questioned the classification of the property as a non-contributor. Cathy Winterrowd responded that it was the whole form of the front of the house.

**BOARD ACTION:** Boardmember Berge moved that the property at **2404 32<sup>nd</sup> Street** be changed from the status code of 5D1 to 6L. The motion was seconded by Boardmember Marshall and approved 7-0-0.

By consensus, the Board agreed that the property on **2406 Dulzura Avenue** could be identified as a contributor, with rehabilitation needed through a Mills Act Agreement.

**Open public testimony**

In Favor: Scott Moomjian gave a PowerPoint presentation in favor of designation of Item 15.

In Opposition: None.

**BOARD COMMENT:** Boardmember Curry asked how long Mr. Ryan lived there and whether it was a productive time in his life. Ms. Curry added that the house is not visible from the street and is not as architecturally interesting as other properties on the street. She also noted that, despite the young age of the resource, the windows have been changed out. Boardmember Eisenhart supports the designation under Criterion B and is less enthusiastic about Criteria A and C. Boardmember Berge does not agree with designation under Criterion C and on Criterion B, and she questioned if the subject property is the place that most significantly represents his contribution. Boardmember Marshall was in favor of staff recommendation for designation under Criterion B, but is not sure about Criterion C, especially due to the recent remodel of the interior drafting room of Mr. Ryan. Boardmember Schaefer stated that Ryan is historically significant, but that the subject property was his last home and reflects primarily his last work and retirement. In the end, the integrity of the property is the most significant element, and has been compromised by the recent modifications.
