

ATTENTION!!!

IMPORTANT INFORMATION REGARDING COMMERCIAL BURGLARIES

San Diego Police would like to make you aware of an increase in the number of burglaries involving the theft of laptop and desktop computers from businesses in your area.

We are asking you to take two steps towards helping us immediately reduce this crime:

- Take all laptop computers home or secure them away from the business premises
- Please call the San Diego Police Department to report any suspicious persons in and around your business

.....Don't make your property an EASY target.....

Please remember these simple steps to avoid becoming a victim:

- ✓ Close all windows and lock your doors (even interior doors)
- ✓ Remove all property worth stealing that can be seen from the exterior of your business
- ✓ If you spend money for security devices, **USE THEM** every time you close your business
- ✓ Install blinds or other devices that prevent thieves from seeing inside your business when it is closed

Officers are patrolling the area as much as possible, however, we could use your help. If you see a crime in progress, get a good description and call 911 with as much information as possible. If you become a victim, please call 858-484-3154, and a report will be taken.

Together, we CAN make a difference!
