# THE INVISIBLE ONES

Homeless Combat Veterans

With all the vehicles on the streets of America sporting those little yellow "Support Our Troops," ribbons, it is truly ironic that we have more than 200,000 veterans who are homeless, but not many Americans realize it. Footage for *The Invisible Ones* was shot at the 20th anniversary of Stand Down, a 3-day event that allows homeless veterans to come off the streets for basic human services as well as medical, dental and holistic treatment.
