

How does the Current Economic Climate affect my Insurance Choices?

Wednesday, April 22nd, 6:30 p.m.

Central Library, Second Floor Meeting Room

The insurance industry (life, disability, long term care) is getting more than its share of news coverage these days – little of it positive. Insurance expert Allan Galgut gives an assessment of the industry, and answers questions such as

- What does this economy mean to insurance coverage?
- What should I do if I have a policy with an insurance company in financial trouble?
- How can I make sure I'm not getting taken advantage of by insurance salespeople?
- Can I get insurance even if I don't have a job/income/good health?
- Is there any good news?

And much more. Please feel free to bring questions for the presenter.
