Library Director **Misty Jones**

Fall at the Library was a blur of activity for people of all ages. This winter is equally busy with holiday festivities throughout December and the New Year. We celebrate the year of the monkey for Chinese New Year and Black History Month in February. We are also launching our new “Picture This” interactive film series throughout the entire quarter.

Speaking of bringing in the new, we have exciting technological changes coming in this quarter. Our new online catalog is more graphical and engaging. It allows users to easily browse the collection by award winners, bestsellers, and staff picks. It also allows users to interact with other library users. The City of San Diego website, including the Library’s website, will be getting a more user-friendly interface in early 2016. This new website will reflect the input from 4,500 residents, visitors, military service members and businesses.

We continue to engage our communities in creative ways to make our programs and services more responsive to community needs. We are excited that the San Diego Public Library has been selected as a pilot organization for an innovative survey tool, CityVoice, which allows you to get real time feedback and see results of the survey! The survey runs from now through the end of February, 2016 and asks you what the Library can do to make your neighborhood better. Take this 2 minute survey, by going to the CityVoice website, entering your branch library location coded, and letting us know what you think.

We hope you join us to celebrate our traditions and welcome the coming year of learning, connecting and discovering all that your library has to offer!

Happy New Year!

Holidays in December

Hanukkah

People celebrate Christmas by decorating Christmas trees and exchanging gifts. Santa Claus is said to visit homes on Christmas Eve to drop off presents.

December 25

Kwanzaa

Kwanzaa is an African-American holiday established in 1966 by a man named Dr. Maulana Ron Karenga. Kwanzaa lasts for 7 days, each day a different principle is celebrated. The 7 principles are unity, self determination, working together, co-operative economics, purpose, creativity, and faith.

Were FDR, the Chief of Naval Operations and Churchill also responsible? Were the 3,000 men and women killed that day betrayed by a government who wanted the U.S. to enter the war? The controversy has been fueled over the last 60 years and only now is another truth being revealed.

In broad daylight, and within sight of the Irish coast, she was struck by a torpedo from the U-boat U-20 and sank in less than 20 minutes. The loss of life was second only to the Titanic, but the repercussions and blame went much further, and ultimately led to the United States’ entry into the Great War.

The goal is to bring exposure to local talent and nurture the pursuit of the writing arts in San Diego and give them a place to exhibit their books. A call for submissions, which ended in November 2015, attracted more than 300 San Diego county authors who published books in 2015. Their books will be in an online catalog and on exhibit:
