

The **Media Arts Center San Diego**
Teen Producers
and the **San Diego Public Library**
invite you to

In the Shadow of **PETCO PARK**

This unique program includes screenings of *“Chavez Ravine: A Los Angeles Story”* and *“Donde Yo Viví”*, a short video documentary by local teens about a Sherman Heights family, and a presentation by folklorist Anton Minard, who collected stories from residents and businesspeople, to provide a rarely-voiced human perspective on urban land use in downtown San Diego.

Kelly Mayhew, Ph.D., and Jim Miller, Ph.D., Professors of English at San Diego City College, will facilitate a discussion addressing the local impacts of redevelopment following the screenings.
