### **Educational Workshop on the Benefits of Home Ownership to be Held at Central Library on July 29**

**SAN DIEGO** – The City of San Diego Public Library will present a free workshop on “Buying a Home in San Diego.” Buying a home is one of the largest financial investments you will make. Financial options have changed and there are more choices. As a stressor, buying a home ranks as high as marriage and divorce. What do you need to know to make a decision? Home buyer education is the first step toward owning your own home and building equity in your future. Come and listen to a short presentation by Amber Anderson, senior mortgage advisor for California Equities. After the presentation, there will be plenty of time for questions.

This workshop will be held on Saturday, July 29, from noon to 1 p.m. The program will be held in the Second Floor Meeting Room of the Central Library, located at 820 E St. in downtown San Diego. For more information about Amber Anderson, mortgages and loan programs, you can visit her web site at [www.trustedmortgageservices.com](http://www.trustedmortgageservices.com).
