MAPPING SOFTWARE TRAINING SET FOR REDISTRICTING COMMISSION *Hands-On Training To Be Held At San Diego City College*

WHO: City of San Diego Redistricting Commission
ESRI (software development company – www.esri.com)
Residents and Stakeholders

WHAT: Training open to the public for the redistricting software mapping system. Residents and stakeholders can learn hands-on at individual computer stations how to create their own redistricting maps that can be submitted to the Commission.

WHEN: Thursday, June 23, 2011 from 6:00 pm to 7:30 pm

WHERE: San Diego City College
Learning Resource Center
1313 Park Blvd 92101
Computer Lab Room 105

Free parking is available on C Street just east of Park Blvd. On-street parking is also available.

Enter building from ground floor side of building nearest to intersection of Park Blvd and B Street. Directional signs will be posted.

WHY: To enhance public participation and allow residents and stakeholders to create their own redistricting maps, an in-person software training session is being held to provide interaction with software trainers to learn how to use the mapping software.

Please RSVP by June 22 at 12:00 pm to reserve a seat and confirm your participation by calling 619-533-3064 or emailing Janet Comer at jcomer@sandiego.gov.
