

City of La Mesa Source Control and Green Streets Projects

Presented By: Joe Kuhn (City of La Mesa)

Source Control Project

- **Multi Family Residential Trash Area Assessments**
 - **Watershed Wide Baseline Assessment of Multifamily Trash Areas (194 Locations)**
 - **Rating and Categorization**
 - **Follow Up and Enforcement (Future)**

- **What We Learned**
 - **Compliance is ~75%**
 - **More work in conjunction with Code Enforcement and Property Managers is needed.**
 - **Follow up in FY 2012-2013**

Allison Avenue Green Street and Improvements

- **Completed in 2011**
- **Areas of Roadway Drainage conveyed through Vegetated and Rock swales**
- **Effective for Metals and other Pollutant Removal**

Future University Avenue Water Quality Medians

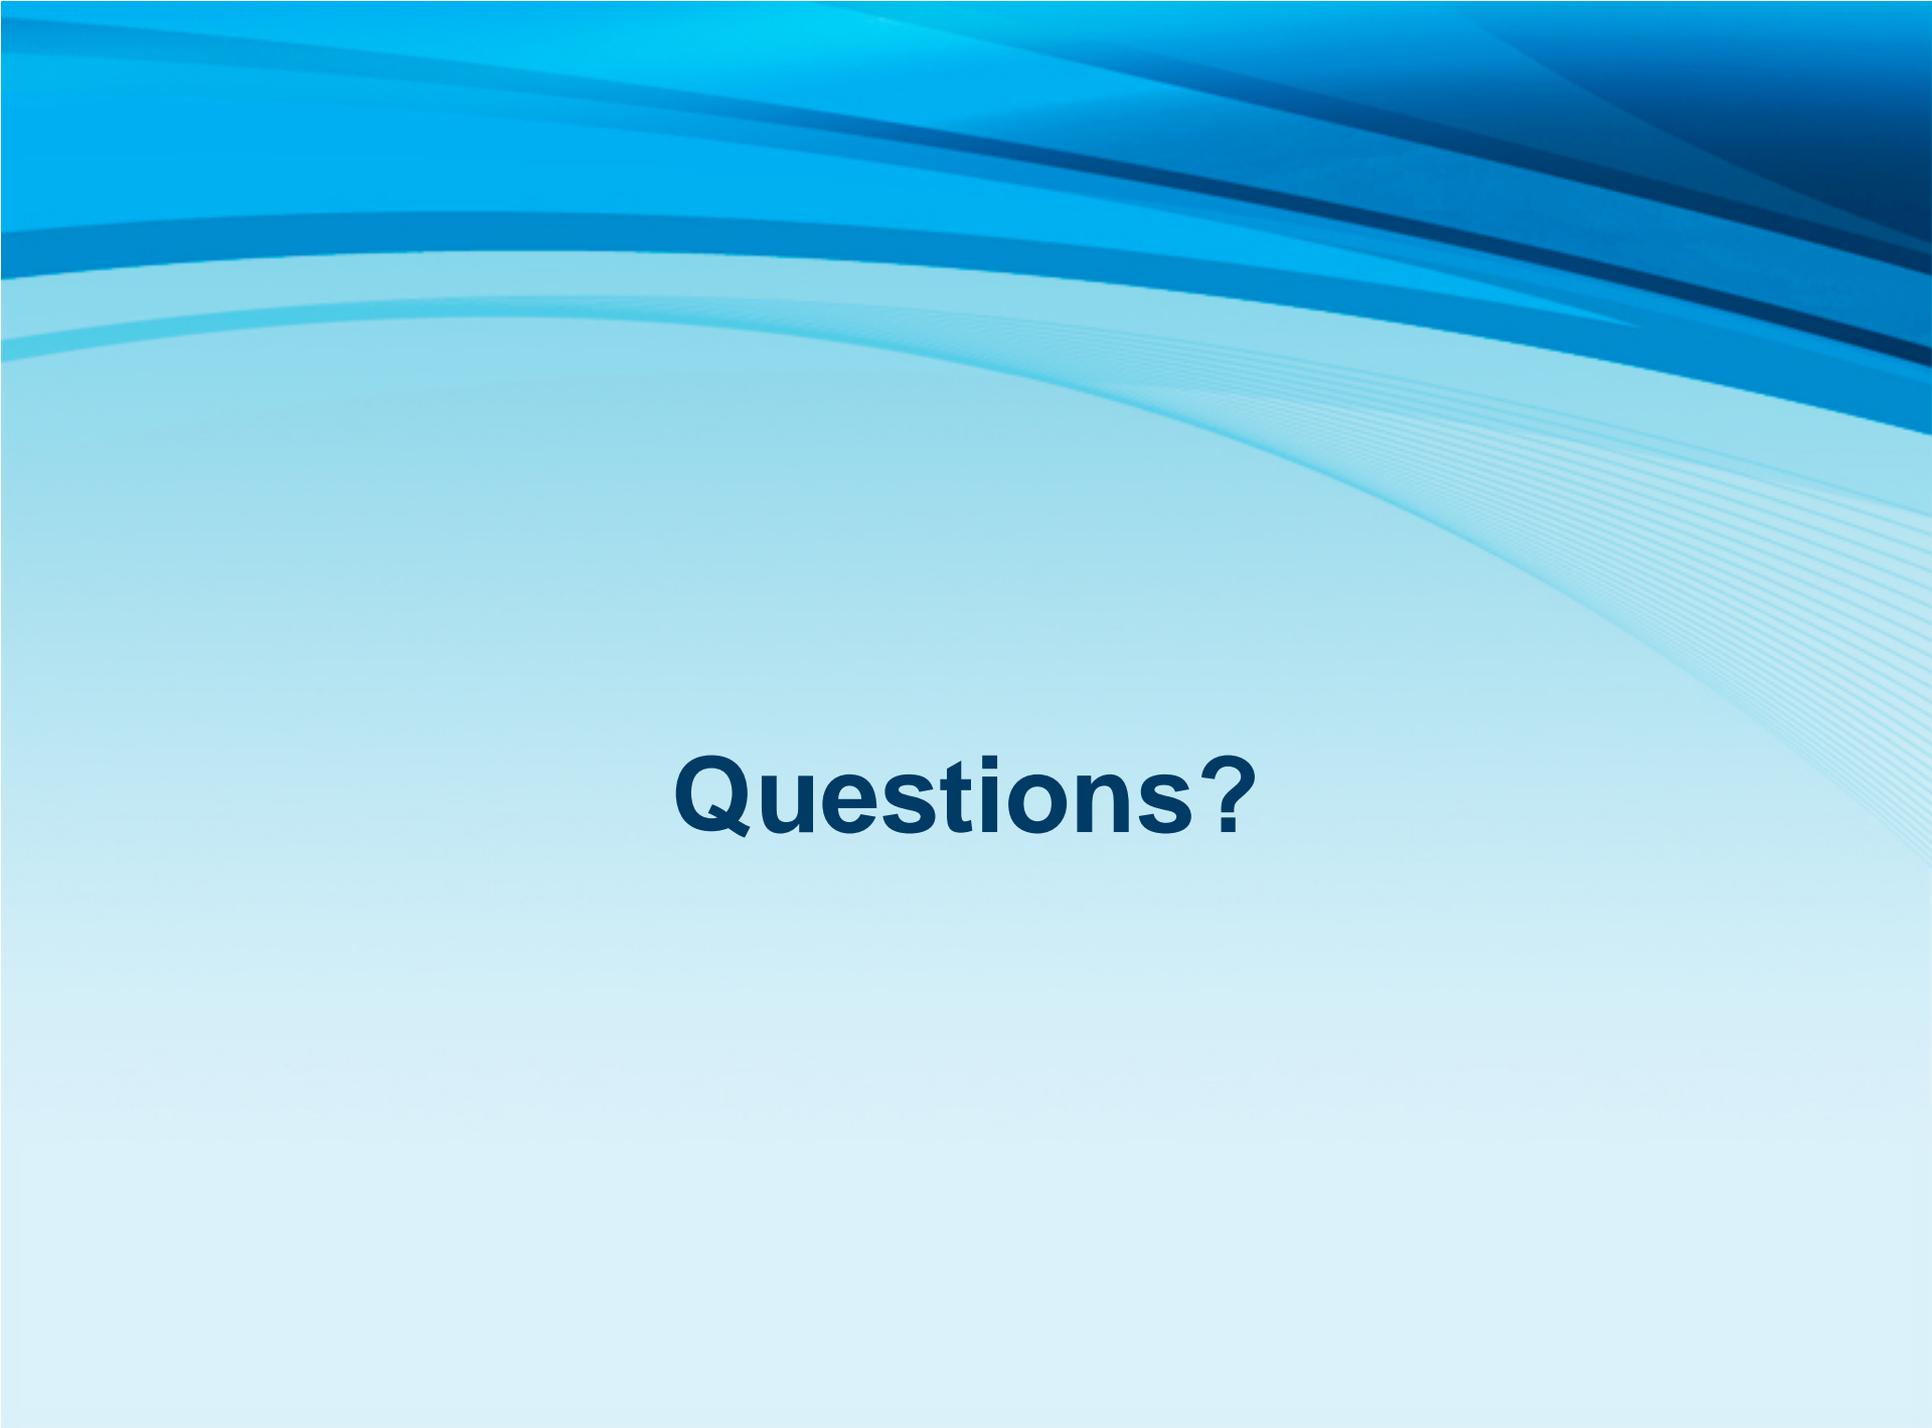

- **Planned Project**
- **Areas of Roadway Drainage conveyed through Vegetated and Rock medians**
- **Currently in Prop. 84 Grant Funding Selection Process**

Current

Example Water Quality Median

The background of the slide features a series of flowing, wavy lines in various shades of blue, ranging from light cyan to deep navy. The lines curve across the top and right sides of the frame, creating a sense of motion and depth. The overall aesthetic is clean and modern.
