[http://www.cleanwaterprogram.com/parking\\_lots\\_fact\\_sht.pdf](http://www.cleanwaterprogram.com/parking_lots_fact_sht.pdf)

#### **County of San Diego**

Businesses BMPs: Cleaning impervious surfaces, vehicle washing, vehicle and equipment repair, materials loading and storage, waste management and disposal, building and grounds maintenance, construction, waste recycling.

#### **United States Environmental Protection Agency (EPA)**

This EPA site provides information on EPA programs and initiatives, and business practices:

<http://www.epa.gov/opptintr/p2home/programs/busprac.htm>

Compliance assistance

<http://www.epa.gov/opptintr/p2home/resources/nationalorgs.htm>

Here you will find industry-specific compliance information. These "virtual" centers promote links between the small business community and their technical and regulatory providers.

### **State Water Resources Control Board, Water Quality**

The main site on Storm Water is:

<http://www.swrcb.ca.gov/stormwtr/index.html>

Here you will find order forms for handbooks on Best Management Practices.

The San Diego Regional Water Quality Control Board is Region 9. More information for Region 9 can be found at this site.

Links to other storm water programs

<http://www.swrcb.ca.gov/stormwtr/links.html>

### **California Storm Water Quality Task Force**

<http://www.casqa.org/>

Click on Publications and Work Products, scroll down and you'll find:

California Storm Water Best Management Practices Handbooks for construction, industrial, commercial

Best Management Practices Guide for Retail Gasoline Outlets

At this site also: compliance assistance and a storm water sampling guidance document.
