

A CHANGE FOR THE BETTER BEGINS WITH YOU

Dear Mission Bay Visitor -

Welcome to Mission Bay, the largest man-made aquatic park in the country. With over 4,200 acres, half of which is water, the Bay is one of San Diego's most popular locations to walk, jog, fly a kite, picnic, sail, jet-ski, or paddle. With 15 million visitors each year, we need everyone's help to keep Mission Bay clean.

Do Your Part:

- Pack out what you pack in - Leave your picnic area clean for the next user.
- Bring extra trash bags to collect garbage - never add trash to an overflowing can.
- Dispose of overflow trash at the park's larger trash dumpsters.
- Tie up trash bags when full to keep birds out.
- Hold on to your "butts" - Cigarettes are toxic to marine life.
- Pick up after your pets, even in leash-free areas like Fiesta Island.

Please help us keep our beaches and bays beautiful, healthy, and pollution free!

We hope you enjoy your visit!
