SAN DIEGO

Report Storm  
Water Pollution  
(619) 235 - 1000

**A CHANGE FOR THE BETTER BEGINS WITH YOU**

## **DO YOUR PART:**

### Visitors

- Pack out what you pack in - Leave your picnic area clean.
- Bring extra trash bags to collect garbage.
- Never add trash to an overflowing can.
- Dispose of extra trash at the park's larger dumpsters.
- Pick up after your pets, even in leash-free areas like Fiesta Island.

### Boaters

- Stow it - Don't throw it! Keep your trash on board and dispose in shore-side facilities.
- Hold on to your "butts" - Cigarettes are toxic to marine life.
- Minimize boat cleaning and maintenance on the water.
- Spill proof oil changes and fueling - Use a funnel, fuel slowly, and be ready with an absorbent to catch drips & spills.

**Remember:** Anything that goes into the storm drain, curb or gutter goes directly into the bay where people swim.
