

*Greetings from*

# MISSION BAY

# Welcome RV-ers and Bay-lovers!

Enjoy all that Mission Bay has to offer during your visit; gentle breezes, recreational activities, beautiful beaches and warm water. During your time here, please do your part to keep Mission Bay clean and safe:

## Prevent Trash and Contamination:

- Use trash bins and dumpsters or bring your own empty bags to fill
- Tie up trash bags when full to help birds stay out of trash
- Clean up after your pet and dispose of pet waste in trash bins
- Change baby's diaper before playing in the water, and always use swim diapers for infants

## Prevent RV Related Pollution:

- Use only RV dump stations to empty your septic tanks. Follow proper procedures to prevent spills
- In addition to the dump station at the Visitor's Center, there are many stations identified throughout San Diego for your use

in Mission Bay*

**Remember:** Anything that goes into the storm drain, curb or gutter goes directly into the Bay where people swim. If you see pollution entering a storm drain, call the "Think Blue" Storm Water Pollution Prevention Hotline at: **619-235-1000.**

[www.ThinkBlue.org](http://www.ThinkBlue.org)

*Fines for illegal dumping can be up to \$ 1,000 per incident.*
