

*Welcome to*

# MISSION BAY

# Welcome to miles of beaches and fun!

While you are here, we want you to enjoy all the recreational activities and natural beauty Mission Bay has to offer. Please join our effort to keep our bays beautiful, healthy and pollution free.

## Prevent Trash and Contamination

- Leave your picnic area clean for the next user
- Tie up trash bags when full to keep birds out of trash
- Place overflow trash at the park's larger trash dumpsters
- Pick up pet waste and dispose of it in trash bins
- Change baby's diaper before playing in the water, and always use swim diapers for infants
- Never use the Bay as a "restroom"
