Emergency Water Regulations SDMC 67.38
Variance Request: Alternative for Large Landscapes (Pilot)

Definition: The Alternative for Large Landscapes (ALL) allows qualified City of San Diego Public Utilities Department's (PUD) large landscape irrigation customers to achieve desired water savings while giving them the flexibility to protect landscapes that are a business necessity, support active or passive recreation or public benefit such as parks, golf courses, sports fields, schools and cemeteries.

Qualification: Qualifying customers must have a City of San Diego Irrigation classification meter receiving potable or raw water, servicing landscapes that are a business necessity, support active or passive recreation or public benefit such as parks, golf courses, sports fields, schools and cemeteries. The site must be at least 3 acres in size.

Note: This Variance is a pilot study and may extend until October 2017 or replaced by permanent program. Renewal of variance will be required under the terms and conditions determined at that time.
