- Entire station should be converted to micro-irrigation
- Original receipts **or** invoices, showing cost of materials, must be submitted
- Total rebate amount will not exceed the cost of components

**Rebate--\$0.20/Square Foot (up to 6,000 SF & \$1,200)**

## Micro-Irrigation Rebate Guidelines

**Did you know that more than 50% of the water consumed by most households is used to maintain landscapes and lawns?**

City of San Diego Public Utilities Department commercial and multi-family home customers can receive a rebate for Micro-Irrigation!

- Funding for a limited number of rebates is available through the City of San Diego Transportation and Storm Water Department and a State of California grant and will be distributed on a first come, first served basis until exhausted. *This program is subject to change without prior notification.*
- **Rebate check will be sent to the customer of record 6-8 weeks after post-installation site visit is successfully completed.**
- Rebate amount **CANNOT** exceed total material costs on receipts or \$0.20/ square foot converted up to \$1200.
- Applicant's water account must be in good standing
- Customer must agree to and sign the application agreement before rebate is administered
- Changes made related to rebate program must comply with all applicable laws, codes, policies, covenants, conditions, and restrictions.
- Please consult with a tax advisor if you have questions regarding any potential tax implications of your rebate.
- Project site shall be available for future inspection, monitoring, and photos (up to five years) to a Public Utilities representative. Addresses to project sites participating in the rebate program will be available to the public. Customer names will **not** be made public or associated with the address.

**If you have questions after reading these guidelines, please call 619-533-4126 or e-mail [waterconservationrebates@sandiego.gov](mailto:waterconservationrebates@sandiego.gov).**

## What does not qualify for a rebate?

- **Components rated in gallons per minute from any manufacturer**
- **All labor and taxes**
