

THE CITY OF SAN DIEGO

Water Conservation Poster Contest Entry Form

Contest Deadline - Friday, April 2, 2004

Eligibility

Participating schools must be located within the City of San Diego. Entries will be accepted from 1st - 6th grade public and private school teachers and home-school teachers only.

Posters will not be returned and will remain the property of the City of San Diego.

Guidelines

- Teachers, talk to your students about where our water comes from, our limited supply, why it is important to conserve water and simple ways they can make water conservation a way of life.
- Encourage your students to draw a poster that makes one important point about water conservation.
- Students should use large lettering and only a few words. Strong colors and heavy lines show up the best.
- All posters must be drawn horizontally (landscape) on 11x14 white poster size paper.
- Students may use crayon, watercolor, poster paint, markers, ink, cut paper, tissue paper and/or fabric. Please do not use materials that may smear, crack or chip.
- Students must work on posters individually; collaborated work (a poster created by two or more students) will be disqualified.
- Only original artwork will be accepted. Reproduction of popular cartoon characters or three-dimensional work will not be accepted.
- Submit three posters to represent your class. Make sure you attach the student entry form with tape to the back of each poster. Paper clip posters along with the class entry form and package them so that they remain flat.

Mail or drop off your class entry to:

City of San Diego Water Department
Public Information Officer
600 B Street, Suite 1210
San Diego, CA 92101
