

Del Mar Mesa Community Planning Board
3525 Del Mar Heights Rd, #246, San Diego CA 92130

January 22, 2006

Ms. Marsi Steirer
Deputy Director, Water Policy and Strategic Planning
City of San Diego Water Department
600 B Street, Suite 700, MS 907
San Diego, CA 92101-4506

Dear Ms. Steirer:

The Del Mar Mesa Community Planning Group received a presentation about the Water Reuse Study 2005.

We understand that the Study has evaluated several options to maximize the use of recycled water that can be produced by the City's two water reclamation plants, and received a presentation on the results of these.

Increasing the production and use of recycled water in the City will provide the following benefits to City residents and the San Diego area.

The Del Mar Mesa Community Planning Group is supportive of the Water Department's Water Reuse Study 2005 in its efforts to analyze and evaluate all possible options to increase the production and use of recycled water in our community. We think these studies, and more importantly, the implementation of steps to make water reuse a viable option for our residents, are important for the future growth and viability of our community and the city of San Diego.

Sincerely,

Gary Levitt
Chair
Del Mar Mesa Community Planning Group.
