OVERVIEW:

This report details the programmatic efforts of the administration of the Living Wage Ordinance (LWO) during Fiscal Year 2020 under the Purchasing & Contracting Department as required by San Diego Municipal Code §22.4235(c).

PROPOSED ACTIONS:

This item is for information only.

DISCUSSION OF ITEM:

The Living Wage Ordinance (LWO), adopted by the City of San Diego (City) in 2005, requires covered employers to provide specific wage rates and benefits to workers who perform services on applicable service contracts, financial assistance agreements, or facility agreements to keep workers and their families out of poverty.<sup>1</sup> City staff supporting the Living Wage Ordinance are responsible for the monitoring and enforcement of the ordinance requirements for applicable contracts and agreements. During Fiscal Year 2020, Equal Opportunity Contracting Program (EOCP) staff completed ordinance administration, annual wage adjustment review, compliance reviews, complaint investigations, and programmatic updates.

<sup>1</sup> San Diego Municipal Code §22.4220

The Living Wage Unit consists of one (1) Supervising Management Analyst and one (1) Senior Management Analyst, who are responsible for enforcement of the City's LWO. Staff performs administrative and programmatic functions to monitor and enforce the ordinance requirements as follows:

- Ensure covered employees receive required compensation for work performed under applicable service contracts and/or agreements;
- Review and processes Compliance Certifications during contract award<sup>2</sup> and Applications for Exemption;
- Ensure covered employers comply with reporting (weekly payroll submittals & annual compliance reports) and employee notification requirements<sup>3</sup>;
- Respond to and investigate worker complaints;
- Conduct site visits for verification of pay to covered employees; and
- Routinely educate internal and external customers on LWO and its applicability.

During this fiscal year, staff utilized the standardized electronic payroll reporting process for covered employers on City agreements subject to the LWO, entered on or after January 1, 2019. Previously, vendors would submit electronic payroll records only when required to via contract audit. However, after the implementation of the electronic reporting process; staff has been able to proactively monitor contracts subject to LWO requirements quickly and efficiently. Staff also administered web-based training sessions to educate the contracting community regarding the new reporting tool. All instructional information and training videos are available on the Living Wage Program webpage and in the reference area of the City's web-based labor compliance monitoring software, PRISM®, upon visiting the site.

In early 2019, staff began working with the City Attorney's office to take further action against an employer for repeated living wage violations pursuant to San Diego Municipal Code (SDMC) §22.4230(f). If an employer is determined to have violated the LWO two or more times in a two-year period, the City can take enforcement action, which include one or more of the following: monetary damages including interest and penalties, suspension or termination of contract, return of monies paid by the City for services not yet rendered, debarment, determination of non-responsibility, or civil penalties.<sup>4</sup> Throughout FY20, staff diligently worked with the City Attorney's office to initiate permanent debarment proceedings against an employer for their repeated, willful violations of the LWO. The City plans to participate in a hearing before the State of California Office of Administrative Hearings in 2021.

In early 2020, site visits and in-person employee interviews were put on hold due to the COVID-19 pandemic. Staff shifted to selecting employers at random and conducted employee interviews via phone or other virtual platforms (Zoom/Microsoft Teams) to ensure workers were aware of living wage provisions. Staff hopes to continue in-person employee interviews as soon as it is safe to do so.

---

<sup>2</sup> Required for all employers and subcontractors (if applicable) under SDMC §22.4225(c).

<sup>3</sup> Employers are required to notify their employees of living wage requirements at the start of a service contract under SDMC §22.4225(e). For multi-year contracts, employers must provide information to employees alongside their first paycheck on or after July 1<sup>st</sup> of each year.

<sup>4</sup> Civil penalties are assessed in the amount of up to one hundred dollars (\$100) per covered employee for each violation for each day the violation remains uncured.

Staff will calculate, post, and distribute information regarding any increases, should they be required, by April 1st of each calendar year. Effective July 1, 2020, the required wage rate increased by 2.35% to \$16.30 (inclusive of basic hourly wage rate and health benefits). The following table details the living wage rate stipulated by the City over the last five fiscal years<sup>8</sup>:

<sup>5</sup> Detailed information on active contracts can be found in Attachment 1.

<sup>6</sup> Includes contract values for formally solicited multi-year contracts and informal procurement purchase order values for the fiscal year.

<sup>7</sup> Rate of pay includes cash wage and health fringe benefits.

<sup>8</sup> Employers are required to pay employees the highest applicable rate for hours worked under a service contract when multiple requirements apply, including minimum wage (local rate was \$13 per hour; state rate was \$12 per hour), and prevailing wage (i.e. landscape maintenance laborer rate was \$13.36).

### Enforcement

Staff conducts Compliance Reviews to verify LWO compliance by covered employers. Contracts or covered employers may be selected randomly or based on concerns of noncompliance for review. Staff will analyze payroll records and related documentation (includes timecards, schedules, itemized wage statements, and health plan statements) to verify payment of applicable living wage rates to covered employees was made. Staff will also review and confirm compensated leave time is provided to covered employees and verify compliance with required noticing and reporting. Employee interviews on City contracts are conducted when necessary.

When deficiencies or wage violations occur, staff will work with the covered employer to recover any restitution owed to workers and ensure strict compliance is effectuated moving forward. Other violations identified that do not fall under the LWO are referred to the appropriate enforcement agency for review. During FY20, compliance reviews and remedies assessed were lower in comparison to previous years due to a vacancy. The table below details reviews conducted by staff and findings during the reporting period:

Table 3: Fiscal Year 2018 - 2020 Enforcement Activities

	FY18	FY19	FY20
Reviews Initiated or In-Progress	9	13	15
Complaints/tips Received	2	1	2
Number of Covered Employers	9	14	14
Total Remedies Assessed for Employees <sup>9</sup>	\$113,537.40	\$291,619.94	\$13,726.66

Number of Cases Under Enforcement Action <sup>11</sup>	-	2	3
Total Number of Employees Affected	23	18	22

<sup>9</sup> Remedies include back wages and/or unpaid compensated leave owed to employees.

<sup>10</sup> Portion of restitution recovered was part of assessment from previous fiscal year.

<sup>11</sup> The City can pursue one or more of the enforcement actions under SDMC §22.4230(f), in (1) declaration of material breach, exercising suspension or termination of the contract, which includes return of monies paid by the City for services not yet rendered; (2) debarment; (3) determination of non-responsibility; or (4) assessment of civil penalties. Civil penalties are assessed in the amount of up to one hundred dollars (\$100) per covered employee for each violation for each day the violation remains uncured.

## Outreach

Staff are committed to ensuring workers are aware of their rights under the LWO and assist contractors in understanding and meeting their obligations. Staff routinely conducts site visits, provides in-person and web-based training, and collaborates with other agencies and community advocacy groups. During Fiscal Year 2020, staff participated in the following:

- Presenting to various groups, including covered employers, City departments, and the Citizens' Equal Opportunity Commission<sup>12</sup>;
- Collaborating with the City's Economic Development Department to present living wage information to financial assistance recipients;
- Presenting Living Wage Compliance and Best Practices at the COMPASS Diversity Conference to various public agencies in Baltimore, MD;
- Participation in various web-based and in-person training related to applicable labor laws and wage theft, including sessions facilitated by the American Contract Compliance Association (ACCA), California Association of Public Procurement Officials (CAPPO), State Employment Development Department (EDD), and Department of Industrial Relations (DIR);
- Continued dialogue with other public agencies who have adopted living wage/minimum compensation ordinances<sup>13</sup>;
- Continued dialogue with Deputy District Attorneys & Fraud Investigators in the San Diego District Attorney's Fraud Unit for potential collaboration<sup>14</sup>; and
- Routinely refer labor law violations related to State timecard & recordkeeping requirements to the local Division of Labor Standards Enforcement (DLSE) office.

## Conclusion

The Equal Opportunity Contracting Program is committed to enforcement and ongoing improvement of the LWO to ensure wages earned are put into workers' pockets. Since the adoption of the ordinance in 2005, the Living Wage Program continues to assess remedies on behalf of covered employees and will continue to ensure that both City staff and the public understand, and comply with, ordinance requirements.
