

## The Lead Safety Collaborative Lead Safe Housing Registry

### The Lead Safety Collaborative

Landlords of rental properties that have had lead hazards remediated through this U.S. Department of Housing and Urban Development (HUD) funded grant program are eligible for listing in the City of San Diego’s “Lead Safe Housing Registry”. Property owners have agreed to give priority in renting these units to families with a child under the age of six for at least 3 years after the property had been “cleared” of lead hazards.

Being included in this listing does not mean all lead-based paint has been removed from these properties. All property owners are required to maintain their properties on an ongoing basis to ensure lead-based paint on their properties does not deteriorate, or otherwise become hazardous.

The San Diego Housing Commission has been remediating lead hazards since 2010, and you can access their Lead Safe Housing Registry at <http://www.sdhc.org/Affordable-Housing/Housing-Rehabilitation/Lead-Safe-Housing-Registry>.
