

How to make English muffin pizzas using a toaster oven or a toaster and your oven broiler.

Ingredients:

English muffins; your brand of choice. Thomas' will be a thinner crisper muffin while Oroweat will be thicker with crisp edges.

Tomato sauce. I used a sauce with garlic, basil and oregano. You can use pasta sauce for a richer and thicker sauce.

Mozzarella cheese

Pepperoni slices

Black olives

Fresh basil

Step 1. Toast the muffin so they are just starting to brown

Step 2. Spread sauce on to muffins.

Step 3. Add your toppings starting with meat and veggies then top with cheese.

Step 4. Put muffins in the broiler and broil for 5 minutes for Thomas' and 7-8 for Oroweat.

Step 5. Remove and let cool slightly before eating

Enjoy!
