URGENT! Gold Coast Drive & Parkdale Avenue

Since my first day in office, I have advocated for the repavement of Gold Coast Drive and Parkdale Avenue, both of which are in dire need of total street reconstruction. It is critical that District 6 receive the necessary funding to complete these long overdue projects. On Thursday, April 30th, the City Council is holding an evening Budget Review meeting that is open to the public. Your presence and participation is necessary to demand these streets get repaved!

At the Budget Review meeting, each person attending will have the opportunity to address the City Council during public comment to state why these streets must be repaired.
