- 18. Any Other Special Events of more than 500 people occurring concurrently: None known**
- 19. Other unique event features not covered above: None known**

## Course Maps

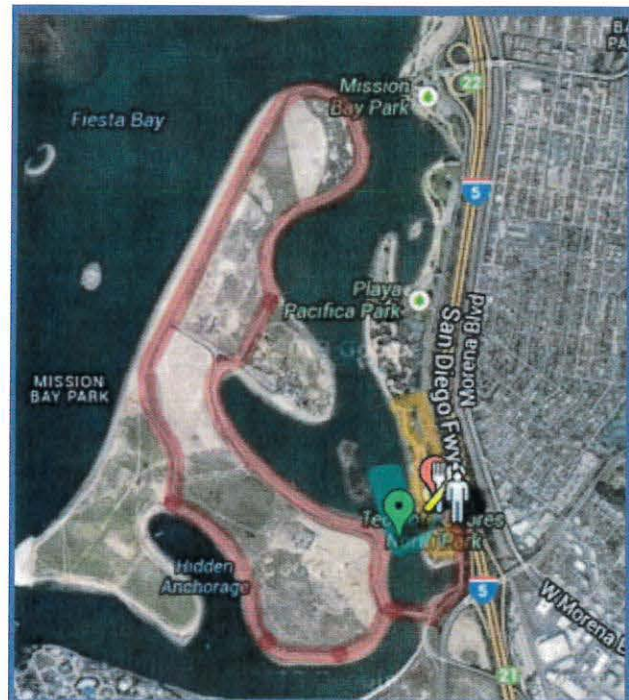

### Swim Course (750 m)

The swim will be an open water start-swimmers will tread water at the start line until we fire the starting gun. Racers will complete one clockwise circuit in Mission Bay, returning to the beach, and will then cross the grass field (past cheering fans at the expo) and into transition.

### Bike Course (21 km)

The bike course will take our racers to Fiesta Island, where they'll complete 3 laps, then return back to transition. The south-bound lane of E Mission Bay Dr and the entirety of Fiesta Island will be closed to outside traffic for the duration of the race.

## Run Course (5 km)

This year, racers will head south out of transition and circumnavigate Tecolote Shores park clockwise 3 times. On the third lap, as you approach transition, you will cut across the grass toward the finish line near the expo.

**Race Site Map:**

**\*Location of beer garden subject to approval by Mission Bay Park Committee**
