

COUNCILMEMBER DAVID ALVAREZ
City of San Diego
Eighth District

MEMORANDUM

DATE: August 13, 2013

TO: Honorable Council President Todd Gloria
Honorable City Attorney Jan Goldsmith

FROM: Councilmember David Alvarez 

SUBJECT: Continuing Disclosure Requirements

On August 5, 2013, the City Auditor's performance audit entitled "*Performance Audit of the Industrial Wastewater Control Program: Outdated Fees, Billing Lapses, And Inadequate Controls Limit Program Cost Recovery*" was released. The report included a cover letter indicating that a legal issue concerning the Industrial Wastewater Control Program was identified. It also stated that the matter:

"... required the immediate attention of the City Administration and Office of the City Attorney" and "Due to the confidential nature of the communication with the Office of the City Attorney concerning this matter and to comply with Government Auditing Standards, this information was excluded from the final report."

It is critical that the City Council be informed about the legal issues immediately in a closed session meeting, particularly if the legal issue identified concerns rate payer proportionality, potential liability and rises to the level where it should be disclosed to the bond market.

Thank you for your attention to this matter. Your timely response is appreciated.
