

## Miramar Landfill Clean Fill Dirt Program

The City of San Diego's Miramar Landfill (Landfill) may accept clean fill material for use as daily cover and resurfacing of the tipping decks.

### Terms and Conditions

Cover material must be clean, sandy/clayey soils and CANNOT:

- Contain rocks or chunks of material larger than six (6) inches or contain more than 20% sand or rocks.
- Contain any concrete, asphalt, shot rock, organic debris, or trash.
- Be classified as a hazardous waste or a designated waste.
- Be contaminated with volatile organic compounds, semi-volatile organic compounds, PCBs, or pesticides.
- Be muddy or excessively wet as determined by Landfill staff.

Landfill staff reserves the right to reject and ban material from a project site if the material is found to be contaminated or unsuitable for the daily needs of Landfill operations.

Material from each project site must be approved in writing by the Landfill staff prior to acceptance as "clean fill."

Drivers will be required to show a copy of the approved Miramar Landfill Clean Fill Dirt Program Application for the site for each load. The approved application must be valid and cannot be expired. Applications are valid for 90 days from the date of approval and can be renewed prior to expiration.

Drivers will also be required to deposit acceptable materials in locations at the discretion of Landfill staff.

The party or parties responsible for contaminated or unsuitable soil as determined by the City will be responsible for all costs incurred by the City for managing contaminated or unsuitable soil, including but not limited to, staff time, equipment and materials, analytical testing, disposal, and possible legal fees. Repeat offenses may be grounds for escalating penalties or restrictions, up to and including, prohibition from using the Clean Fill Dirt Program.

The City DOES NOT guarantee the right or ability to freely accept clean fill material for an entire project. Landfill operations may not have a need for clean fill material, in which case, it will not be accepted.

### Agreement to Terms and Conditions

By delivering clean fill dirt to the Miramar Landfill, the GENERATOR and HAULER:

- Agree to the Miramar Landfill Clean Fill Dirt Program Terms and Conditions that are currently in effect. *The Terms and Conditions are periodically updated as deemed necessary by the City.*
- Have read, completed, and submitted the Miramar Landfill Clean Fill Dirt Program Application, and has received an approved application.

All loads are subject to inspection and testing upon arrival at the Landfill and must conform to the Miramar Landfill Clean Fill Dirt Program Terms and Conditions.
